**The Wars of the Barbary Pirates** Gregory Fremont-Barnes,2014-06-06 The wars against the Barbary pirates not only signaled the determination of the United States to throw off its tributary status liberate its citizens from slavery in North Africa and reassert its right to trade freely upon the seas they enabled America to regain its sense of national dignity The wars also served as a catalyst for the development of a navy with which America could project its newly acquired power thousands of miles away By the time the fighting was over the young republic bore the unmistakable marks of a nation destined to play a major role in international affairs

*The Story of the Barbary Corsairs* Stanley Lane-Poole,2015-03-08 For more than three centuries the trading nations of Europe were suffered to pursue their commerce or forced to abandon their gains at the bidding of pirates From the days when Barbarossa defied the whole strength of the Emperor Charles V to the early part of the present century when prizes were taken by Algerine rovers under the guns so to say of all the fleets of Europe the Corsairs were masters of the narrow seas and dictated their own terms to all comers
