and insights on gay marriage While the author states that the instructions given in this chapter may not be feasible for everyone the chapter is a must read And even though the author states that there will be secrets left untold it will be impossible for you to leave this book without a commitment to reexamine everything you have been taught Starting with race This book is a must read if you have been seeking insights on the truth about an issue that has in one way or another touched us all Is America divided Yes But it doesn't have to be Read this book to understand how we got that way and what we can do to stop being that way This book goes a long way to help one understand What The Hell's Wrong With America And that's a good thing
