Strategic Debate:

Strategy for Chaos Colin Gray, 2004-08-02 The remit of this study is to encourage further studies that make an honest and successful effort to achieve synergy between social science and history when analysing the impact of revolutions in military affairs RMAs *Bernard Brodie and the Foundations of American Nuclear Strategy* Barry Howard Steiner, 1991 Steiner analyzes how and why Brodie's understanding of weapons of unparalleled explosive force led him to posit the need for revolutionary strategic thinking in broadminded analytic method and in the focus upon cities as nuclear targets He shows the tremendous effect Brodie's work had on the intellectual climate in which policy is determined particularly in his frequent combatting of conventional wisdom *The Russian Way of War* Richard W. Harrison, 2001 In this first comprehensive treatment of the subject Richard Harrison shows how this theory emerged and developed to become despite radically different political settings and levels of technology essential to the Red Army's victory over Germany in World War II

Grand Strategy Norman Henry Gibbs, 1956 *Cultural Strategies of Agenda Denial* Roger W. Cobb, Marc Howard Ross, 1997 This is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas The book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities *Strategic Debate* Vance Trefethen, 2007 **The New U.S. Strategic Debate** Ronald D. Asmus, 1994 Discusses how the old bipartisan consensus that placed containment and deterrence of the Soviet Union at the center of U S national security strategy has given way to a contentious debate over what constitutes U S security interests

The Battle of Kursk David M. Glantz, Jonathan Mallory House, 1999 A study of the Battle of Kursk at Prokhorovka one of the largest tank engagements in world history which led to staggering losses including nearly 200 000 Soviet and 50 000 German casualties within the first ten days of fighting Drawing on both German and Soviet sources David M Glantz and Jonathan M House seek to separate myth from fact to show what really happened at Kursk and how it affected the outcome of World War II Their access to Soviet archive material adds detail to what is known about this conflict enabling them to reconstruct events from both perspectives and describe combat down to the tactical level **When Titans Clashed** David M. Glantz, Jonathan Mallory House, 1995 By the time Pearl Harbour had ripped apart America's peacetime pretensions the German blitzkrieg had already blasted the Red Army back to the gates of Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the German army and shattered Hitler's imperial designs *Globalization, Strategic Culture, and Ideas* Balbina Hwang, 2005 *D-Day, 1944* Theodore A. Wilson, 1994 Readers may be astonished at how much scholarly digging and the release of once secret information have transformed the history of this campaign At times it seems like a whole new war New York Times Book Review **MacArthur's Jungle War** Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a

combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive *Strategies, Alliances, and Military Power* ,1977 The Origins of SDI, 1944-1983 Donald R. Baucom,1992 Most people think Star Wars began with the ideas of Ronald Reagan but its roots reach decades further back In this first scholarly account of the origins of the Strategic Defense Initiative SDI historian Don Baucom traces these roots back to the dawn of the missile age in 1944 He finds SDI emerging after a period of nearly 40 years from forces generated by technological developments changing strategic conditions and the collapse of the SALT arms control negotiations of the 1970s **U.S. Strategic Force Modernization and SDI** Kevin Neil Lewis,Rand Corporation,1986 This paper discusses transition aspects of both offensive and defensive forces should the Strategic Defense Initiative SDI continue The author argues that it would be to the advantage of the United States to maintain its current offensive orientation in parallel with defensive developments until the strategic competition enters a fundamentally different and final defensive deployment phase Four key issues discussed are 1 potential interactions between major new homeland defenses and those parts of U S and NATO strategy that incorporate less than all out nuclear employment options 2 defense suppression and how the United States schedules its SDI deployment options 3 certain budgetary and management considerations and 4 reasons the United States should maintain powerful offensive forces until relatively late in the homeland defense deployment game Rand abstracts Debates South Australia. Parliament. Legislative Council,1887 Foreign Policy ,1983 Vietnam John Prados,2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America **Strategic Defences** Harald Müller,1987 *Peace and the Strategy Conflict* William Roscoe Kintner,1967
