## **Tabooed Jung Marginalization And Influence:**

*Tabooed Jung: Marginality as Power* C. Gallant, 2016-02-02 Ever since Jung's break with Freud he has been excluded from both the psychoanalytic discourse and those schools of literary criticism influenced by psychoanalysis But this very exclusion has shaped the discourse Further many of the analytic writings of Jung and the post Jungian school of Developmental Jungians are parallel to work by contemporary ego psychologists and feminists and could contribute to those fields Jung's entire case throws much light upon the state of marginalization its effects and its powers Tabooed Jung Christine Gallant, 1996-05-01 Avoided with a formulaic dread of his mysticism and unread lest the contagion of his thoughts influence and infect the orthodox Carl Jung has since his break with Sigmund Freud been excluded from both psychoanalytic discourse and those schools of literary criticism influence by psychoanalysis But this very exclusion has shaped the discourse in these schools Indeed many of Jung's analytic writings and many of the writings of the Developmental Jungians are parallel to work by contemporary ego psychologists and feminists and could contribute to those fields Jung's exclusion therefore serves as a perfect case study of the state of Marginalization its effects and its powers Divided into two parts *Tabooed Jung* focuses on both Jung's marginalization itself and the effects of that marginalization on notions of power and feminism Arguing that Jung's situation foreshadowed the contemporary disenchantment with Freud and things Freudian Gallant argues that there is less difference between Jung and today's critics than the critics themselves might think She concludes with an argument for Jung's inclusion in the ongoing dialogues of psychological and feminist criticisms as one whose work proceeds along congruent lines *Subject Guide to Books in Print*, 1996 *Forthcoming Books* Rose Arny, 1996-06

**Journal of Evolutionary Psychology**, 1998 *Shared Wisdom* Pamela Cooper-White, 2024-11-19 For twenty years clinical pastoral educators congregational caregivers chaplains pastoral psychotherapists and pastoral theologians have turned to Pamela Cooper White's *Shared Wisdom* to ground their teaching training and understandings of countertransference and how the use of the caregiver's self in turn impacts the relational dynamic between caregivers and care seekers Now Cooper White updates her groundbreaking book to present new insights on how understanding one's own emotional reactions remains a core competency for ministry With precision and depth Cooper White continues to innovate the theory and practice of spiritual care counseling and spiritual psychotherapy This revised and expanded 20th anniversary edition explores current research on countertransference and intersubjectivity mutual influence and unconscious relationships and intercultural and interreligious dynamics in caring relationships Cooper White examines how the relational paradigm for pastoral assessment and theological reflection that she pioneered now has important implications for evolving types of care relationships As she does so she addresses emerging topics such as postcolonial theory spiritual and religious fluidity and gender diversity CPE supervisors pastoral care and counseling educators and practitioners pastoral theology scholars and psychotherapists looking for an in depth understanding of relationality and intersubjectivity will find the 20th

anniversary edition of *Shared Wisdom* must have resource to build and expand upon a core competency Whitaker's Books in Print, 1998 Transformative Teaching Darrell Dobson, 2008-01-01 This is a book that supports teachers, teacher educators and educational researchers as they strive for ways to make their work more authentic, more meaningful and therefore more spiritual. Dobson describes the practices of exemplary teachers, offers a theoretical framework for transformative teaching and includes useful examples that the reader can readily include in her own teaching and or research. Dobson offers two innovative methods of teacher reflectivity: Interacting Narratives and Archetypal Reflectivity and an original methodology of teaching literature and the arts that draws on the insights of depth psychology. Interwoven throughout the book is Dobson's own story that of an at risk student who was deeply affected by his high school experiences with drama and literature. The book will be of interest to teachers in all fields but particularly in literature and the arts. It will appeal to teacher educators, educational researchers, those interested in analytical psychology, those interested in narrative approaches to teacher education and those interested in narrative approaches to educational research. It will be useful in courses that focus on the construction of teachers' professional knowledge and reflective practices as well as methodology classes in literature, drama and all the arts. The book will also be of interest in qualitative arts based research methodology classes. *Medical and Health Care Books and Serials in Print*, 1997 **Memory, Reconciliation, and Reunions in South Korea** Nan Kim, 2016-10-31 Winner of the 2019 Scott Bills Memorial Prize for Outstanding First Book in Peace History. *Memory, Reconciliation and Reunions in South Korea: Crossing the Divide* explores the history and tells the story of the emotionally charged meetings that took place among family members who after having lost all contact for over fifty years on opposite sides of the Korean divide were temporarily reunited in a series of events beginning in 2000. During an unprecedented period of reconciliation between North and South Korea, those nationally televised reunions would prove to be the largest meetings held theretofore among civilians from the two states since the inter-Korean border was sealed following the end of active hostilities in 1953. Drawing on field research during the reunions as they happened, oral histories with family members who participated, interviews among government officials involved in the events, negotiation and planning and observations of breakthrough developments at the turn of the millennium, this book narrates a grounded history of these pivotal events. The book further explores the implications of such intimate family encounters for the larger political and cultural processes of moving from a disposition of enmity to one of recognition and engagement through attempts at achieving sustained reconciliation amid the complex legacies of civil war and the global Cold War on the Korean Peninsula. *Rules of the House* Sungyun Lim, 2018-12-18 At publication date a free ebook version of this title will be available through Luminos University of California Press's Open Access publishing program. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. *Rules of the House* offers a dynamic revisionist account of the Japanese colonial rule of Korea, 1910-1945, by examining the roles of women in the civil courts. Challenging the dominant view that women were victimized by the Japanese family laws and its

patriarchal biases Sungyun Lim argues that Korean women had to struggle equally against Korean patriarchal interests Moreover women were not passive victims instead they proactively struggled to expand their rights by participating in the Japanese colonial legal system In turn the Japanese doctrine of promoting progressive legal rights would prove advantageous to them Following female plaintiffs and their civil disputes from the precolonial Choson dynasty through colonial times and into postcolonial reforms this book presents a new and groundbreaking story about Korean women s legal struggles revealing their surprising collaborative relationship with the colonial state

*De Gruyter Handbook of Eastern European Politics, Society and Culture* Gerald M. Easter, 2026-03-01 The De Gruyter Handbook of Eastern European Politics Society and Culture provides a comparative analysis of why the region is at the forefront of a momentous turn in European history It takes stock of the ways in which Eastern Europe has evolved since the region was incorporated into the post communist order taking stock of major political social and cultural developments Employing a mix of social science research designs and methodologies this volume discusses key contemporary issues such as the fate of liberal democracy in the region the rise of conservative populism the Russian invasion of Ukraine NATO expansion the repression of the LGBT community the social effects of post twentieth century deindustrialization the role of oligarchs and migration

**Culture and Identity** Charles Lindholm, 2007-07 In this newly revised and updated edition Lindholm provides a comprehensive introduction to psychological anthropology deftly tracing the growth of the field introducing the key theorists and covering a broad range of contemporary topics such as identity emotions symbolic systems and the psychology of groups
