## Tack Secret Service:

**The Spy Who Spoke Porpoise** Philip Wylie, 2014-12-09 A circus performer turned superspy is caught up in a Cold War web of conspiracy and death when the body of a murdered CIA agent is discovered in a Hawaiian marine park. By any definition Ringling Wallenda Grove is an extraordinary man. The son of expatriate Russian former circus owners he mastered the arts of acrobatics animal training and magic at a young age distinguished himself as an officer in World War II and went on to amass a fortune of several million dollars before going into semireirement. But there is another side to this man that few know about. R W Grove is a master spy having honed his trade as a postwar intelligence agent with the OSS. Now the murder of a Company agent whose body was found floating among the aquatic animals in Honolulu s popular Sea Life Park is pulling Grove back into the game. A deadly international conspiracy is afoot involving the nation s most bitter and dangerous enemies and it centers on a covert CIA operation code named Zed an undertaking so secretive that even the president can know nothing about it. Renowned for his provocative stunningly realized speculative fiction Philip Wylie joined the ranks of John le Carr Len Deighton Robert Ludlum and other masters of the espionage thriller when he first published *The Spy Who Spoke Porpoise*. Brimming with action intrigue and ingenious twists and turns the novel brilliantly captures the fears

anxieties paranoia and rampant conspiracies that hallmark the Cold War era Federal Register, 1958 **Attracted to**

**Fire** DiAnn Mills, 2011-10-12 Special Agent Meghan Connors dream of one day protecting the president of the United States is about to come true. Only one assignment stands in her way. After the vice president s rebellious daughter is threatened Meghan is assigned to her protective detail on a secluded ranch in West Texas. Unfortunately working with Special Agent in Charge Ash Zinders may be as tough as controlling her charge. Ash has a reputation for being critical and exacting and he s also after the same promotion as Meghan. But when the threats escalate and security on the ranch is breached it becomes clear this isn t the work of a single suspect it s part of a sophisticated plan that reaches deeper and higher than anyone imagined. And only Ash and Meghan can put the pieces together before it s too late Official Reports of the Debates of the House of Commons of the Dominion of Canada Canada. Parliament. House of Commons, 1897 **The Whole Story** John E.

Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences America's Space Sentinels Jeffrey Richelson, 1999 During much of the Cold War America s first line of defense was in outer space a network of secret satellites that could provide instant warning of an enemy missile launch. The presence of these infrared sensors orbiting 22 000 miles above the earth discouraged a Soviet first strike and stabilized international relations between the superpowers and they now play a crucial role in monitoring the missile programs of

China India and other emerging nuclear powers. Jeffrey Richelson has written the first comprehensive history of this vital program tracing its evolution from the late 1950s to the present. He puts Defense Support Program operations in the context of world events from Russian missile programs to the Gulf War and explains how DSP s infrared sensors are used to detect

meteorites monitor forest fires and even gather industrial intelligence by seeing the lights of steel mills      Expenditure of Federal Funds in Support of Presidential Properties United States. Congress. House. Committee on Government Operations.

**Eisenhower's Heart Attack** Clarence G. Lasby,1997 Previous Eisenhower biographers have touched on his heart condition but Clarence Lasby is the first to examine the impact of the president s health on the nation He offers a dramatic revisionist account of the events surrounding the president s 1955 heart attack and subsequent efforts by the president and his staff to minimize its political impact Drawing on newly opened medical records and personal papers of Eisenhower s physicians Lasby challenges virtually everything we have believed about the president s heart attack Most disturbingly he has discovered that the president s personal physician Dr Howard Snyder misdiagnosed the attack as a gastrointestinal problem and waited ten hours before sending Eisenhower to the hospital Lasby also sets the record straight on how the president and his aides managed the public s understanding of events and he offers evidence that Eisenhower Dr Snyder and press secretary James Hagerty withheld and recast information to serve the president s political priorities Equally important Lasby s book offers a touching portrait of a proud man faced with a debilitating disease It examines Ike s private struggle to lead a full life despite his condition and analyzes his decision to seek a second term even against the advice of cardiologist Paul Dudley White It also shows how a man who had always carefully joked after his health now became obsessed with it
