already massive multinationals are consolidating and new online delivery services are booming in an increasingly deregulated market At the same time public health experts are sounding the alarm about the catastrophic health and social impacts of rising alcohol use with over three million people dying every year due to alcohol related harms Exposing the links between the alcohol industry and capitalism colonialism and environmental destruction Wilt demonstrates the failure of both prohibition and deregulation and instead focuses on those who profit from alcohol's sale and downplay its impacts producers retailers and governments Rejecting both the alcohol industry's moralizing against individual problem drinkers and the sober politics of straight edge and wellness lifestyle trends Drinking Up the Revolution is not another call for prohibition or more governmental control but is instead a cry to take back alcohol for the people and make it safe and enjoyable for all those who want to use it
