The Master Of Hestviken:

The Axe Sigrid Undset, 2013-02-06 Set in 13th century Norway *The Axe* is the first volume in Undset's epic tetralogy *The Master of Hestviken*. In it we meet Olav Audunsson and Ingunn Steinfinnsdatter who were betrothed as children and raised as brother and sister. In the heedlessness of youth they become lovers unaware that their ardor will forge the first link in a chain of murder, exile and disgrace. Undset's novel is also a meticulous re-creation of a world split between pagan codes of retribution and the rigors of Christian piety, a world where law is a fragile new invention and manslaughter is so common that it is punishable by a fine. Undset reproduces medieval Norway in all the rich pageantry of color and form she can transport us eight centuries and several thousand miles more effectively than most writers can take us into the house next door.

The Master of Hestviken Sigrid Undset, 1929 **Catholic Women Writers** Mary Reichardt, 2001-07-30 Women have been writing in the Catholic tradition since early medieval times yet no single volume has brought together critical evaluations of their works until now. The first reference of its kind *Catholic Women Writers* provides entries on 64 Catholic women writers from around the world and across the centuries. Each of the entries is written by an expert contributor and includes a biography of the author, a critical discussion of her works, especially her Catholic and women's themes, an overview of her critical reception, and a bibliography of primary and secondary sources. Authors writing in all genres including fiction, autobiography, poetry, children's literature, and essays are represented. The entries give special attention to the authors' use of Catholic themes, structures, traditions, culture, and spirituality. The writers surveyed range from Doctors of the Church to mystics and visionaries to those who employ Catholic themes primarily in historical and cultural contexts to those who critique the tradition. An introductory essay places the writers within the historical and literary contexts of women's writing in the Catholic tradition, and the volume closes with a selected general bibliography.

Sigrid Undset, **The Master of Hestviken** Sigrid Undset, 1930 **The Michigan Technic**, 1930 *Man in Isolation and Confinement* John E. Rasmussen, 2017-07-12 This book focuses on those special circumstances in which men alone or in groups are isolated or confined for periods of time long enough to affect the way in which they think and behave. Active research in these phenomena initially grew out of a concern about prisoners of war in Korea and the presumed effects of brainwashing, but this interest has been augmented by the technological advances that have allowed men to enter into isolation situations previously unattainable in outer space, under the sea, on the face of the moon, or in remote places on the earth's surface. For the scientist, the applications of the knowledge derived from these special situations is obvious. The variety of ways in

which the search may be carried on in both the laboratory and real life situations is amply illustrated in the approaches as well as the settings for research that are reviewed in this volume This book represents the first attempt to cover the total spectrum of isolation and confinement in one volume The chapters are arranged so as to begin with study of the individual proceed through artificial and natural groups and conclude with broad ecological and taxonomic considerations Each chapter of the book has its own unique form however they have been planned and written to address a single central theme that increased understanding of this important social phenomenon depends upon a spectrum of conceptual and methodological strategy and on a continuing interplay between basic and applied research The contributors are among the world's recognized experts in the area and because of its breadth the book constitutes an unusually complete reference to contemporary research on isolation The volume has implications for urban planning and for space and undersea programs and will be useful for teachers and students of applied social and behavioral science

The Son Avenger

Sigrid Undset, 1927 With Olav Audunsson facing the end of his lonely days his children Eirik and Cecilia find themselves trapped in the repercussions of Olav's as yet unconfessed sins Powerfully written and filled with magnificent vignettes of the daily life of a medieval estate The Son Avenger suggests a Greek tragedy whose vision of fate coexists with a Christian sense of suffering and forgiveness And in the somber twilight figure of Olav the Bad Undset has created an antihero as moving as Oedipus or King Lear

The Snake Pit

Sigrid Undset, 1994-11-29 Olav Audunsson and Ingunn Steinfinnisdatter became lovers when they were barely beyond childhood and endured a long and bitter separation before they could wed Now they are beginning what each hopes will be a new life but in Ingunn's past lies the shame of an illegitimate child and in Olav's past lies murder And the guilt they carry may prove more destructive of their happiness than all the years they spent as outcasts From publisher's description
