The Meaning Of The First World War

Antonello Biagini

The Meaning Of The First World War:

The Routledge History of the First World War Paul R. Bartrop, 2024-08-27 The Routledge History of the First World War is a work which in a single volume covers a range of major themes and issues relating to that conflict Providing a comprehensive but readily accessible reference work examining the First World War in accordance with a broad range of themes this book presents the many ways in which study of the First World War can take place and introduces readers to new areas of research often untouched in other studies of the war With a scholarly Introduction and 60 chapters by specialist authors who come from 14 different countries across four continents the book is also intended to open lines of further inquiry from its solid base of academic knowledge The volume demonstrates the war's global and total nature examining the conflict in all major theatres and through the lens of the key combatants and neutrals It also fully engages with issues of race gender ideology and society during the war This book will appeal to students of all levels scholars and general readers alike interested in the First World War from several different perspectives and research areas The 60 chapters cover topics from numerous angles and provide detailed information about all aspects relating to the First World War

The First World War Alan John Percivale Taylor, 1972 Edinburgh Companion to the First World War and the Arts Ann-Marie Einhaus, 2017-05-24 A new exploration of literary and artistic responses to WW1 from 1914 to the present This authoritative reference work examines literary and artistic responses to the war's upheavals across a wide range of media and genres from poetry to pamphlets sculpture to television documentary and requiems to war reporting Rather than looking at particular forms of artistic expression in isolation and focusing only on the war and inter war period the 26 essays collected in this volume approach artistic responses to the war from a wide variety of angles and where appropriate pursue their inquiry into the present day In 6 sections covering Literature the Visual Arts Music Periodicals and Journalism Film and Broadcasting and Publishing and Material Culture a wide range of original chapters from experts across literature and the arts examine what means and approaches were employed to respond to the shock of war as well as asking such key questions as how and why literary and artistic responses to the war have changed over time and how far later works of art are responses not only to the war itself but to earlier cultural production Key Features Offers new insights into the breadth and depth of artistic responses to WWI Establishes links and parallels across a wide range of different media and genres Emphasises the development of responses in different fields from 1914 to the present

History of the First World War, 1971 **Commemorating Muslims in the First World War Centenary** Meghan Tinsley, 2021-11-22 Commemorating Muslims in the First World War Centenary engages with the explosion of public commemorations in Britain and France in the wake of the First World War centenary alongside the hyper visibility of British and French Muslims in political and popular discourse Bringing these two phenomena together it draws on national commemorations of the First World War centenary in Britain and France alongside eleven local field sites that foregrounded Muslims to make sense of how national memory changes when it seeks to include a

previously excluded group Through an identification of three distinct narratives which correspond to three ways of situating Muslims in relation to the nation mourning mobilisation and melancholia it intervenes in debates surrounding memory nationhood and belonging to make sense of the centenary as an extended exercise in nation building at a moment when the borders of British and French national identity were openly and violently contested With particular attention to sites of melancholia the author shows how certain sites disrupt national memory and refrain from producing any cohesive narrative to repair that which has been fractured An exploration of the ways in which commemoration pushes nations to grapple with their past and present without prescribing any tidy solution this book will appeal to scholars of sociology and anthropology with interests in memory studies nationalism and postcolonial studies

First World War Remembrance and Battlefield Preservation Alexander J. Potočnik, 2025-12-22 This book examines the remarkably preserved So Isonzo Front battlefield exploring how its material heritage has shaped World War I WW1 remembrance across changing political regimes along the Italian Slovenian border It introduces the reader to how conflict landscapes function as independent agents of remembrance transcending political changes and national narratives The book offers a multidisciplinary approach that combines anthropology archaeology and memory studies to trace the social life of this lesser known WW1 battlefield By examining material heritage through multiple lenses it reveals how physical remnants continue to shape collective memory and cultural understanding of the conflict providing fresh perspectives on war commemoration beyond traditional historical accounts This book is written for scholars and students in the fields of memory studies military history heritage preservation and modern conflict archaeology It will appeal to researchers interested in WW1 particularly those focusing on the South Eastern European theatre and the Italian Front Libraries supporting programs in anthropology European history cultural heritage studies and war studies will find this an essential addition to their collections The book is also suitable for heritage professionals working with battlefield preservation and commemoration

Indian Soldiers in the First World War Ashutosh Kumar, Claude Markovits, 2020-12-23 This book explores the lives and social histories of Indians soldiers who fought in the First World War It focuses on their motivations experiences and lives after returning from service in Europe Mesopotamia East Africa and Palestine to present a more complete picture of Indian participation in the war The book looks at the Indian support to the war for political concessions from the British government and its repercussions through the perspective of the role played by more than one million Indian soldiers and labourers It examines the social and cultural aspects of the experience of fighting on foreign soil in a deadly battle and their contributions which remain largely unrecognised From micro histories of fighting soldiers aspects of recruitment and deployment to macro histories connecting different aspects of the War the volume explores a variety of themes including the material incentives coercion and training which converted peasants into combatants encounters of travelling Indian soldiers with other societies and the contributions of returned soldiers in Indian society The book will be useful to researchers and students of history post colonial studies

sociology literature and cultural studies as well as for those interested in military history World War I and colonial history

British "Spy Fever" in the First World War Harry Richards, 2025-08-21 An exploration of how British society experienced spy fever during the First World War Following the declaration of war in 1914 German spies were sighted across Britain as a potent form of spy fever supposedly gripped the nation This book questions the extent to which British society was truly terrified of German spies and explores the broader impacts of secret warfare during the early stages of the First World War Harry Richards analyses the belief that a clandestine network of spies and saboteurs mostly comprised of naturalised aliens domiciled in Britain had successfully infiltrated all elements of society and were poised to destroy Britain's war effort from within Although that danger never fully materialised the spy peril remained a dominant feature of radical politics and popular culture throughout the First World War Why images of German spies were so appealing and enduring during this period is the subject of this book British Spy Fever in the First World War contends that our understanding of spy fever is in need of significant revision Whereas previous studies typically characterise society's reaction to the spy peril as one of hysteria this book shows that our understanding of spy fever should encompass a wider variety of emotions and experiences British society was certainly obsessed with images of German espionage but this seldom resulted in

psychological disorder Each chapter therefore examines different emotional experiences alarm terror excitement anxiety hope anger and enjoyment to highlight the diverse and complex reactions towards the enemy within *Economic History of Warfare and State Formation* Jari Eloranta, Eric Golson, Andrei Markevich, Nikolaus Wolf, 2016-09-19 This edited volume represents the latest research on intersections of war state formation and political economy i.e. how conflicts have affected short and long run development of economies and the formation or destruction of states and their political economies The contributors come from different fields of social and human sciences all featuring an interdisciplinary approach to the study of societal development The types of big issues analyzed in this volume include the formation of European and non European states in the early modern and modern period the emergence of various forms of states and eventually modern democracies with extensive welfare states the violent upheavals that influenced these processes the persistence of dictatorships and non democratic forms of government and the arrival of total war and its consequences especially in the context of twentieth century world wars One of the key themes is the dichotomy between democracies and dictatorships namely what were the origins of their emergence and evolution why did some revolutions succeed and other fail and why did democracies on the whole emerge victorious in the twentieth century age of total wars The contributions in this book are written with academic and non academic audiences in mind and both will find the broad themes discussed in this volume intuitive and useful

Authority, Identity and the Social History of the Great War Frans Coetzee, Marilyn Shevin-Coetzee, 1995 The unprecedented scope and intensity of the First World War has prompted an enormous body of retrospective scholarship However efforts to provide a coherent synthesis about the war's impact and significance have remained circumscribed

tending to focus either on the operational outlines of military strategy and tactics or on the cultural legacy of the conflict as transmitted by the war's most articulate observers. This volume departs from traditional accounts on several scores by exploring issues barely touched upon in previous works by deviating from the widespread tendency to treat the experiences of front and homefront isolation and by employing a thematic treatment that by considering the construction of authority and identity between 1914 and 1918 illuminates the fundamental question of how individuals whether in uniform or not endured the war's intrusion into so many aspects of their public and private lives.

Prostitution, Race, and Politics Philippa Levine, 2003 Publisher description

The First World War Martin Gilbert, 2014-06-05 A stunning achievement of research and storytelling that weaves together the major fronts of WWI into a single sweeping narrative. Publishers Weekly starred review. It was to be the war to end all wars and it began at 11:15 on the morning of June 28, 1914, in an outpost of the Austro-Hungarian Empire called Sarajevo. It would officially end nearly five years later. Unofficially, however, it has never ended. Many of the horrors we live with today are rooted in the First World War. The Great War left millions of civilians and soldiers maimed or dead. It also saw the creation of new technologies of destruction: tanks, planes, and submarines, machine guns, and field artillery, poison gas, and chemical warfare. It introduced U-boat packs and strategic bombing, unrestricted war on civilians, and mistreatment of prisoners. But the war changed our world in far more fundamental ways than these. In its wake, empires toppled, monarchies fell, and whole populations lost their national identities. As political systems and geographic boundaries were realigned, the social order shifted seismically. Manners and cultural norms, literature and the arts, education and class distinctions all underwent a vast sea change. As historian Martin Gilbert demonstrates in this majestic opus of historical synthesis, the twentieth century can be said to have been born on that fateful morning in June of 1914. Publishers Weekly starred review. One of the first books that anyone should read to try to understand this war and this century. The New York Times Book Review.

The Big Red One James Scott Wheeler, 2007 No mission too difficult, no sacrifice too great. Duty First. For almost a century, from the Western Front of World War I to the deserts of Iraq, this motto has spurred the soldiers who wear the shoulder patch bearing the Big Red One. In this first comprehensive history of America's 1st Infantry Division, James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation. The oldest continuously serving division in the U.S. Army, the Fighting First has consistently played a crucial role in America's foreign wars. It was the first American division to see combat and achieve victory in World War I and set the standard for discipline, training, endurance, and tactical innovation. One of the few intact divisions between the wars, it was the first army unit to train for amphibious warfare. During World War II, the First Division spearheaded the invasions of North Africa and Sicily before leading the Normandy invasion at Omaha Beach and fighting on through the Hurtgen Forest, the Battle of the Bulge, the Ruhr Pocket, and deep into Germany. By war's end, it had developed successful combined arms, regimental combat teams, and made advances in night operations. Wheeler describes the First Division's critical role in

postwar Germany and as the only combat division in Europe during the early Cold War After returning to the United States at Fort Riley Kansas the division fought valiantly in Vietnam for five trying years successfully protecting Saigon from major infiltration along Highway 13 while pioneering air mobile operations It led the liberation of Kuwait in Desert Storm and kept an uneasy peace in Bosnia and Kosovo Along the way Wheeler illuminates the division's organizational evolution its consistently remarkable commanders and leaders and its equally remarkable soldiers Meticulously detailed and engagingly written *The Big Red One* nimbly combines historical narrative with astute analysis of the unit's successes and failures so that its story reflects the larger chronicle of America's military experience over the past century

The First World War

Michael Howard, 2007-01-25 By the time the First World War ended in 1918 eight million people had died in what had been perhaps the most apocalyptic episode the world had known This Very Short Introduction provides a concise and insightful history of the Great War focusing on why it happened how it was fought and why it had the consequences it did It examines the state of Europe in 1914 and the outbreak of war the onset of attrition and crisis the role of the US the collapse of Russia and the weakening and eventual surrender of the Central Powers Looking at the historical controversies surrounding the causes and conduct of war Michael Howard also describes how peace was ultimately made and the potent legacy of resentment left to Germany ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The First World War Antonello Biagini, 2015-09-04 This volume is the result of an international conference held at Sapienza University of Rome in June 2014 which brought together scholars from different countries to re-analyse and re-interpret the events of the First World War one hundred years after a young Bosnian Serb student from the Mlada Bosna Gavrilo Princip lit the fuse and ignited the conflict which was to forever change the world The Great War initially on a European and then on a world scale demonstrated the fragility of the international system of the European balance of powers and determined the dissolution of the great multinational empires and the need to redraw the map of Europe according to the principles of national sovereignty This book provides new insights into theories of this conflict and is characterized by internationality interdisciplinarity and a combination of different research methods The contributions based on archival documents from various different countries international and local historiography and on the analysis of newspaper articles postcards propaganda material memorials and school books examine ideological and historiographical debates the memory of the war and its most important contemporary and popular narratives and the use of propaganda for the mobilization of public opinion in addition to military social political economic and psychological aspects of the conflict

The Origins of the First World War Annika Mombauer, 2013-12-02 The seminal event of the 20th century the origins of the First World War have always been difficult to establish and have aroused deep controversy Annika Mombauer tracks the

impassioned debates as they developed at critical points through the twentieth century The book focuses on the controversy itself rather than the specific events leading up to the war Emotive and emotional from the very beginning of the conflict the debate and the passions aroused in response to such issues as the war guilt paragraph of the treaty of Versailles are set in the context of the times in which they were proposed Similarly the argument has been fuelled by concerns over the sacrifices that were made and the casualties that were suffered Were they really justified

The Literary Digest History of the World War Francis Whiting Halsey, 1919 This collection is a general military and diplomatic history of the First World War from June 1914 to May 1920 Military affairs are the foremost issue with political and diplomatic events relevant to the war intertwined The work includes short biographies of important military leaders

An Introduction to Greek Mythology John Marshall Bell, 2000 Based on the lecture notes of scholar John M Bell this work provides a more detailed introduction to Greek mythology Topics include myth and religion purpose in the creation myth human origins death and deliverance wildness and civilization and the nature of the Hero

The Untold Story of the FIRST WORLD WAR Anna Revell, 2017-05-02 The Untold Story of the FIRST WORLD WAR World War One True Stories of the Great War The First World War 1914 1918 or the Great War as it was known at the time is a pivotal moment in world history for a number of reasons There had been wars involving many countries many times before but mostly these conflicts had been localised mostly in Europe The Great War involved most of the nations of the world and was fought on every continent There had been many longer wars but none had inflicted such terrible loss of life both military and civilian The casualties of World War I were numbered in the millions Twelve million died with another twenty million wounded The population of the world in 1900 was about one and a half billion The First World War killed close to one hundredth of the population of the world in just four years Never before had such terrible weapons of destruction been constructed And although civilians had always suffered in war the business of war itself was in the hands of professional soldiers Now however war affected the daily lives of everyone and all were called upon to contribute to the war effort World War I turned the world on its head and prepared the way for the coming of our own world This book looks at the untold story of World War One and the events leading up to this major conflict of the modern era A must read for fans of history or anyone interesting in uncovering the true story of what really went on in the build up to during and beyond the First World War
