standards within the curriculum Employers believe it is important for recent university graduates to be familiar with
standards Despite the critical role standards play within academia and the workforce little information is available on the
development of standards information literacy which includes the ability to understand the standardization process identify
types of standards and locate evaluate and use standards effectively Libraries and librarians are a critical part of standards
education and much of the discussion has been focused on the curation of standards within libraries However librarians also
have substantial experience in developing and teaching standards information literacy curriculum With the need for
universities to develop a workforce that is well educated on the use of standards librarians and course instructors can apply
their experiences in information literacy toward teaching students the knowledge and skills regarding standards that they
