The Pacific Crest National Scenic Trail is a crown jewel in the National Trail System but it's seldom fully enjoyed by the hikers who live nearest to it. Why? Because at 2,650 miles it's just too daunting. If you have limited time, The Best of the Pacific Crest Trail, Washington gives you the information you need to enjoy the beauty of the PCT on a short day hike, an overnighter, or a week-long outing to explore the most remote areas of the trail.

How do trail names get bestowed and what does it mean when you find yourself roaring back at a mountain lion? How have climate change, technology, and the sheer number of hikers affected life on the PCT? Find the answers to all these questions and so many more in the diverse writings gathered in *Crossing Paths*, an anthology of stories and poems written by PCT hikers. Reflecting the contributors' rich and varied individual experiences, this collection includes both ordinary and extraordinary experiences: from dodging lightning strikes on an exposed ridge south of Sonora Pass or surviving early fall snowstorms in the Cascades to deeply personal walks as therapy following military service or cancer treatment. The selection represents geographic, gender, ethnic, and age diversity and strives to reflect the totality and depth of life on the trail.
