Ballard, 2013-06-12 If you have ever wanted to believe in God in the face of so much that would say He doesn't exist this is the book for you On the scientific level The God's Honest Truth is just that a book of truth discussing what scientific proof is as opposed to what is mere science fiction regarding universal beginnings It deals with issues of six day creationism offers evidence for a worldwide flood and denounces evolution for what it is On a theological level it is a primer for contemporary biblical thinking teaching believers what the Bible says on the important issues of life It discusses why evil exists in the face of an all loving God and whether the fate of sinful man will be perpetual torture in the fires of hell Lastly it walks readers through such historical subjects as Christian participation in warfare slavery and speaks to the more current issues of abortion and gay rights Based strictly on biblical doctrines when rendering decisions it is meant as a guide through
