## **The Peerless Leader William Jennings Bryan:**

**The Peerless Leader** Paxton Hibben, 1929      *The Peerless Leader* Paxton Hibben, Charles Austin Beard, 2013-10 This is a new release of the original 1929 edition      **William Jennings Bryan, the Peerless Leader from 1896 to 1908** Joseph P. Certia, 1908      **The Story of Silver** William L. Silber, 2019-02-05 How silver influenced two hundred years of world history and why it matters today This is the story of silver's transformation from soft money during the nineteenth century to hard asset today and how manipulations of the white metal by American president Franklin D Roosevelt during the 1930s and by the richest man in the world Texas oil baron Nelson Bunker Hunt during the 1970s altered the course of American and world history FDR pumped up the price of silver to help jump start the U S economy during the Great Depression but this move weakened China which was then on the silver standard and facilitated Japan's rise to power before World War II Bunker Hunt went on a silver buying spree during the 1970s to protect himself against inflation and triggered a financial crisis that left him bankrupt Silver has been the preferred shelter against government defaults political instability and inflation for most people in the world because it is cheaper than gold The white metal has been the place to hide when conventional investments sour but it has also seduced sophisticated investors throughout the ages like a siren This book explains how powerful figures up to and including Warren Buffett have come under silver's thrall and how its history guides economic and political decisions in the twenty first century      Report to the Attorney General on the Law of Pre-trial Interrogation United States. Department of Justice. Office of Legal Policy, 1970      *Smashing the Liquor Machine* Mark Lawrence Schrad, 2021 When most people think of the prohibition era they think of speakeasies gin runners and backwoods fundamentalists railing about the ills of strong drink In other words in the popular imagination it is a peculiarly American event Yet as Mark Lawrence Schrad shows in *Smashing the Liquor Machine* the conventional scholarship on prohibition is extremely misleading for a simple reason American prohibition was just one piece of a global wave of prohibition laws that occurred around the same time Schrad's counterintuitive global history of prohibition looks at the anti alcohol movement around the globe through the experiences of pro temperance leaders like Thomas Masaryk founder of Czechoslovakia Vladimir Lenin Leo Tolstoy and anti colonial activists in India Schrad argues that temperance wasn't American exceptionalism at all but rather one of the most broad based and successful transnational social movements of the modern era In fact Schrad offers a fundamental re appraisal of this colorful era to reveal that temperance forces frequently aligned with progressivism social justice liberal self determination democratic socialism labor rights women's rights and indigenous rights By placing the temperance movement in a deep global context he forces us to fundamentally rethink all that we think we know about the movement Rather than a motley collection of puritanical American evangelicals the global temperance movement advocated communal self protection against the corrupt and predatory liquor machine that had become exceedingly rich off the misery and addictions of the poor around the world from the slums of South Asia to central Europe to

the Indian reservations of the American west Unlike many traditional dry histories *Smashing the Liquor Machine* gives voice to minority and subaltern figures who resisted the global liquor industry and further highlights that the impulses that led to the temperance movement were far more progressive and variegated than American readers have been led to believe
