Caroline Brandenburger,1994 This book is the quintessential traveler s companion and the ultimate resource for what you need to know to go anywhere *Islands Magazine* ,1999-07 *Anderson's Travel Companion* Compiled by Sarah

Anderson,2016-12-05 A selection of the best in travel writing with both fiction and non fiction presented together this companion is for all those who like travelling like to think about travelling and who take an interest in their destination It covers guidebooks as well as books about food history art and architecture religion outdoor activities illustrated books autobiographies biographies and fiction and lists books both in and out of print Anderson s Travel Companion is arranged first by continent then alphabetically by country and then by subject cross referenced where necessary There is a separate section for guidebooks and comprehensive indexes Sarah Anderson founded the Travel Bookshop in 1979 and is also a journalist and writer on travel subjects She is known by well known travel writers such as Michael Palin and Colin Thubron Michael Palin chose her bookshop as his favourite shop and Colin Thubron and Geoffrey Moorhouse among others made suggestions for titles to include in the Travel Companion Dodo Alan Grihault,2005 It took less than a hundred years of human influence in Mauritius to wipe out the Dodo The delicate balance of nature was suddenly tipped and became a threat to the survival of the Dodo which had reigned supreme on this island for thousands of years For nearly two hundred years after its extinction the Dodo was forgotten and there were some doubts as to whether it actually lived at all It seemed that these strange birds had only been part of the imagination and exaggeration of sailors Today the once remote island of Mauritius is home to over a million people of European African Indian and Chinese origin It can boast of being one of the most stable democratic countries in the world and it is host to thousands of tourists who find shops full of Dodos in many forms shapes and sizes Yet there is an unfortunate lack of information about this island s unique national icon This book allows the reader to examine various eyewitness writings drawings paintings and skeletal remains which depict the Dodo as it actually was and helps us to understand how it was driven to extinction It also traces what happened after the final demise of the bird and how worldwide evidence was pieced together to provide a reasonable idea of how the Dodo lived and died
