Stone Alone:

The Rolling Stones Murry R. Nelson, 2010-07-01 This comprehensive book documents the nearly half century long story of The Rolling Stones the group many regard as the most eminent rock band ever By 1964 the United States had been invaded by a number of British bands led by the Beatles The Rolling Stones were seen as more rebellious and rowdy than The Beatles they were the bad boys as opposed to the good boys and this reputation only served to enhance their popularity with their teenage fans The Stones far outlasted the Beatles and all the other 60s era British bands however The Rolling Stones not only continued but flourished their tours drawing enormous crowds for decades The Rolling Stones A Musical Biography chronicles the fascinating adventures of these Rock and Roll Hall of Fame inductees and sheds light on what has allowed these music legends to enjoy such lifelong popularity and success
