Street Corner Conservative:

Street Corner Conservative William F. Gavin, 1975 **Borges and the Politics of Form** José Eduardo González, 1998

This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies. The essay focuses on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

Congressional Record United States. Congress, 1975 *The London Review of Politics, Society, Literature, Art, & Science*, 1864 **Speechwright** William F. Gavin, 2011-11-01 For almost thirty years William F. Gavin wrote speeches at the highest levels of government. Speechwright is his insider's view of politics, a shrewd critique of presidential and congressional rhetoric, and a personal look at the political leaders for whom he wrote speeches. While serving President Richard Nixon and candidate Ronald Reagan, Gavin advocated for working rhetoric well-crafted, clear, hard-hitting arguments that did not offer visions of the unattainable but instead limited political discourse to achievable ends reached through practical means. Filled with hard-earned wisdom about politics and its discontents, Speechwright describes Gavin's successes, his failures, and his call for political rhetoric built on strong argument rather than the mere search for eloquence. **The Saturday Review of**

Politics, Literature, Science, and Art, 1860 **Trump and Churchill** Nick Adams, 2020-05-19 What do Winston Churchill, the eloquent, eternally quotable wordsmith, pudgy politician of fifty years, wealthy aristocrat, war-time Prime Minister of England, and Donald Trump, the 6'4" brash, Twitter-happy political neophyte, billionaire entrepreneur, have in common? In his new book, complete with never-before-told anecdotes, bestselling author Nick Adams explores how both leaders, with seemingly nothing in common, turned their day's prevailing politics on its head. In doing so, they both endured shockingly similar battles instigated by the political establishment seeking their destruction. Trump and Churchill's unorthodox approach to both domestic and international relations has rescued Western Civilization from the brink. *The Republican Campaign Text-book for 1884* Republican National Committee (U.S.), 1884 **Westley's guide to Cheltenham** Charles Westley, 1887

The Saturday Review of Politics, Literature, Science, and Art, 1923 *History, politics, and education*, 1890 **The Saturday Review of Politics, Literature, Science, Art, and Finance**, 1878 **Kirkwood's Dictionary of Glasgow and vicinity** Charles Kirkwood, 1884 *History (from A.D. 705 to 1883) of Preston in the County of Lancaster* Atticus, 1883

The Eagle and Brooklyn Henry Ward Beecher Howard, Arthur N. Jervis, 1893 **The Canadian Magazine of Politics, Science, Art, and Literature**, 1900 Morality Politics in American Cities Elaine B. Sharp, Yvette M.

Alex-Assensoh, 2005 Topless bars, casino gambling, needle exchange programs for drug addicts: there's no question morality issues remain front and center in urban politics. Presenting a systematic analysis of culture war issues at the local level, Elaine Sharp shows how American cities deal with these ongoing concerns. Drawing on a sample of ten strategically chosen cities, she explains differences in how municipalities respond to controversies surrounding sex business, abortion clinics, legalized gambling, gay rights, and drug use. By analyzing the relative importance of subculture, economics, and institutional

arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues Far more than a statistical study *Morality Politics in American Cities* is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike Mayors public health directors activists and others speak their minds about the pros and cons of these controversies Here are officials in one city confronting the Vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs These stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues They also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues Overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions As provocative as it is informative *Morality Politics in American Cities* demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve Its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define American politics
