Paul Griffiths

String Quartet:

The String Quartet Paul Griffiths, 1983 This book follows the quartet from its origins in the middle of the 18th century up to the present day A large percentage of the book concerns the classic period of the quartets and with the works of Haydn probable inventor of the genre of Mozart of Schubert of Beethoven on the Romantic period Mendelssohn Brahms Dvorak and Debussy finishing with the post 1914 era Schoenberg Bartok Stravinsky and Shostakovich among others [The String Quartet, 1750-1797](#) Mara Parker, 2017-07-05 The second half of the eighteenth century witnessed a flourishing of the string quartet often represented as a smooth and logical progression from first violin dominated homophony to a more equal conversation between the four voices Yet this progression was neither as smooth nor as linear as previously thought as Mara Parker illustrates in her examination of the string quartet during this period Looking at a wide variety of string quartets by composers such as Pleyel Distler and Filtz in addition to Haydn and Mozart the book proposes a new way of describing the relationships between the four instruments in different works Broadly speaking these relationships follow one of four patterns the lecture the polite conversation the debate and the conversation In focusing on these musical discourses it becomes apparent that each work is the product of its composer's stylistic choices location intended performers and intended audience Instead of evolving in a strict and universal sequence the string quartet in the latter half of the eighteenth century was a complex genre with composers mixing and matching musical discourses as circumstances and their own creative impulses required **String Quartets** Mara Parker, 2013-05-13 This research guide is an annotated bibliography of sources dealing with the string quartet This second edition is organized as in the original publication chapters for general references histories individual composers aspects of performance facsimiles and critical editions and miscellaneous topics and has been updated to cover research since publication of the first edition Listings in the previous volume have been updated to reflect the burgeoning interest in this genre social aspects newly issued critical editions doctoral dissertations It also offers commentary on online links databases and references **The Ill Tempered String Quartet** Lester Chafetz, 2024-10-14 Witty and practical this book is for amateur string instrument players who want to play quartets and other forms of chamber music It covers everything The long chapter discussing the literature is exceptionally valuable **String quartets, op. 17** Joseph Haydn, 2000-01-01 In the course of a 50 year period Haydn composed some 80 string quartets whose range and variety of structural invention rank second only to those of Beethoven This fine new anthology consists of the six pieces known collectively as Op 17 String Quartet in E Major Op 17 No 1 String Quartet in F Major Op 17 No 2 String Quartet in E flat Major Op 17 No 3 and three other pieces **String quartet IV, op. 32** Paul Hindemith, 1924 **The String Quartets of Joseph Haydn** Floyd Kersey Grave, Margaret Grave, 2006-03-09 Assessing Haydn's quartets this work explores the circumstances of their creation It reveals the conventions and novelties that govern their design and examines the wealth of textures stylistic allusions and rhetorical strategies that underlie their stature as a cornerstone of the chamber music

Dean Sutcliffe,1992 The Op 50 string quartets contain some of the purest writing Haydn ever accomplished In this first full account of these six quartets Dean Sutcliffe evaluates the Op 50 in relation to Haydn s more frequently performed quartets and considers their relevance to the composer s wider output A lucid and accessible discussion of the music emphasises the unity of each quartet not only motivic unity but unity also of texture articulation harmony and syntax Each quartet is described in detail The informative background provided by Dr Sutcliffe includes a brief history of the string quartet and an assessment of Haydn s earlier works in this genre and of his role at Esterhaza The description of the composition and publication of the Op 50 quartets is based on the evidence of Haydn s surviving letters and the recently discovered autograph copies of Nos 3 to 6 a discovery which is vividly documented here for the first time The String Quartets of Ludwig Van Beethoven Arthur Shepherd,1935 The Cambridge Companion to the String Quartet Robin Stowell,2003-11-13 This Companion offers a concise and authoritative survey of the string quartet by eleven chamber music specialists Its fifteen carefully structured chapters provide coverage of a stimulating range of perspectives previously unavailable in one volume It focuses on four main areas the social and musical

background to the quartet's development the most celebrated ensembles string quartet playing including aspects of contemporary and historical performing practice and the mainstream repertory including significant mixed ensemble compositions involving string quartet Various musical and pictorial illustrations and informative appendixes including a chronology of the most significant works complete this indispensable guide Written for all string quartet enthusiasts this Companion will enrich readers understanding of the history of the genre the context and significance of quartets as cultural phenomena and the musical technical and interpretative problems of chamber music performance It will also enhance their experience of listening to quartets in performance and on recordings

String Quartet Introduction

In today's digital age, the availability of String Quartet books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of String Quartet books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of String Quartet books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing String Quartet versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, String Quartet books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing String Quartet books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for String Quartet books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many

universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, String Quartet books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of String Quartet books and manuals for download and embark on your journey of knowledge?
