children viewed Richard III's own accession with suspicion. From the day that Edward IV married Eleanor or pretended to do so the House of York previously so secure in its bloodline confronted a contentious and uncertain future. John Ashdown Hill argues that Eleanor Talbot was married to Edward IV and that therefore Edward's subsequent union with Elizabeth Woodville was bigamous making her children illegitimate. In his quest to reveal the truth about Eleanor he also uncovers fascinating new evidence that sheds fresh light on one of the greatest historical mysteries of all time the identity of the bones in the urn in Westminster Abbey believed for centuries to be the remains of the Princes in the Tower. *Blood Sisters: The Hidden Lives of the Women Behind the Wars of the Roses* Sarah Gristwood, 2012-09-13. The true story of the White Queen and more this is a thrilling history of the extraordinary noblewomen who lived through the Wars of the Roses. *FraNCe: The French Heritage of North Carolina (In Living Color)* Dudley Marchi, 2016-07. There is a subtle but significant French heritage in North Carolina. Towns such as Bath, Beaufort, New Bern and La Grange are testimony to the settlements of French Huguenots in the seventeenth and eighteenth centuries. The city of Fayetteville is named after the Marquis de Lafayette a French ally during the American Revolution. The first European explorers to the North Carolina region were in fact French. 1524 French Huguenots migrated to the state as early as 1690 and many North Carolinians have last names of French origin. North Carolina has many other place names and remnants of French presence since the early colonial period. This book traces the historical presence of the French in NC from the state's origins to the present and tells the story of a little known part of the state's cultural heritage. **A Return to Sanditon** Anne Toledo, 2011-02-15. For real lovers of Jane Austen's work a completion of her unfinished Sanditon as she might possibly have envisaged it herself. No zombies or other anachronistic gimmicks but a number of interlaced love stories set against a gently satirical picture of the fads and fancies of the times above all the rising fashion for sea bathing and the greed and folly that accompanied it. When Charlotte Heywood leaves her large and conservative family of Kentish landowners to stay with the Parkers in the new resort of Sanditon she expects nothing more than a tranquil seaside holiday. She soon however becomes involved in the life of the little town and is challenged to measure her own traditional values and tastes against those of financial speculators affected social climbers, fashionable hypochondriacs and followers of the new romantic

ideas in the arts and human behaviour Her initial attitude is that of an amused spectator but soon to her own surprise she finds herself falling in love with her host s younger brother the witty and fascinating Sidney Parker Sidney however leaves Sanditon abruptly in the company of Charlotte s beautiful and enigmatic friend Clara Brereton with whom Sir Edward Denham penniless nephew of the town s patroness and Sgreat lady is in love to his avaricious aunt s displeasure and the town buzzes with rumours of an elopement Anne Toledo has taught English Literature at university level for many years specialising in the nineteenth century novel in general and in Jane Austen in particular She is a devoted Janeite and hopes that this story will appeal to those who share her love and appreciation of Jane Austen s work at all levels as romance as humorous observation and as moral satire and also as a fascinating picture of daily life in middle class England in the years immediately following the Napoleonic wars
