*A Fresh Look at Genesis 1-2* Gary W Schneider, 2021-03-15 One of this book s main themes is how God s Book of Nature is concordant with His Book of Scripture In their writings many of the pioneers of the Scientific Revolution often referred to God s two Books These brilliant naturalists were also devout Christians But that was back then Is modern science actually compatible with Scripture More to the point are the findings of 21st century science concordant with the Genesis creation story What else does the text of Genesis 1 2 have to say While making an honest effort to answer those questions some vitally important theological concepts which were introduced by Moses in the first two chapters of Genesis are also examined and discussed in this volume This comprehensive study on how modern science is concordant with the intended meaning of the text of Genesis 1 2 has many useful features including the following Much of the first two parts of the book consists of background material on 1 logic 2 history and philosophy of science and 3 scientific method as well as 4 basic geological principles 5 descriptions of Plate Tectonic theory and 6 the principles and methods of radiometric dating This background material is designed to help the reader to understand the implications of the empirical evidence presented in Part Two God s Book of Nature Similarly there is also extensive material on 1 Biblical interpretation and hermeneutics 2 textual criticism 3 the history of ancient Israel 4 development of the Hebrew language and 5 some of the basic elements of Biblical Hebrew This material is given prior to looking at the literary structure and genre of the Genesis 1 2 text and then conducting thorough and complete exegetical analyses of the various textual units of Genesis 1 2 in Part Four God s Book of Scripture Prior to the exegetical analyses for each of the textual units of Genesis 1 2 1 the Biblical Hebrew text 2 a standard English translation and 3 an Interlinear version of the text of that unit are provided The Interlinear version consists of a the Hebrew text with b SBL transliterations and c English glosses below each one of the Hebrew words Color coding and other types of annotations highlighting are used throughout Part Four God s Book of

Scripture in order to help the reader identify important Biblical Hebrew elements including recurring phrases important BH words and key BHVS verb forms There are more than 2000 detailed footnotes Many of these footnotes also cross reference other topics in the book to make it easier for the reader to refer back to a discussion of some important theme or concept Excerpts from the entries of reputable Hebrew and Greek lexicons for words written in the original languages of the Biblical text are also footnoted An Appendix is included with a Key to Transliteration and Pronunciation for Biblical Hebrew graphemes it also has a short section on Biblical Hebrew Accent Markings Numerous detailed colored figures are sprinkled throughout the text In many of these figures the artwork itself is worth the inexpensive price of the digital edition of this book Part Six The Good News is worth reading as a stand alone exposition of God's Grace but it also helps put the rest of the book in context Although the most common and logical way to read A Fresh Look at Genesis 1-2 is from start to finish this 1100 page book was also intended to be used as a reference work Footnotes direct the reader back to pertinent material in preceding chapters that might not have been read already or that readers might want to revisit in order to refresh their memory on some topic More information is available at <https://a.freshlookatgenesis.org> Yahweh's Elegant Speeches of the Abrahamic Narratives Matthew Michael, 2014-05-14 This work is a study in the attribution aesthetics and representations of Yahweh's speeches in the Hebrew Bible It describes the literary elegance and beauty of the speeches of Yahweh in the Abrahamic narratives Employing a synchronic reading of the Abrahamic cycle it underscores the presence of various literary devices in the divine speeches 12:1-9, 13:1-18, 15:1-21, 17:1-27, 18:1-33 and 22:1-19 Specifically it engages the high concentration literary effects and use of metaphors metaphoric language similes alliterations wordplays euphemisms hyperboles repetitions allusions and other distinctive literary features in the speeches of Yahweh which are deliberately denied and glaringly absent in the speeches of the other main characters of the Abrahamic narratives e.g. Abraham Sarah and Hagar Similarly it demonstrates the importance of these elevated speeches in the narrative world of Abrahamic epic Most importantly it also highlights the ideological significance of these decorated speeches of Yahweh to the original audience of the narrator who presumably identified with their excessive optimism and rhetoric Consequently this book is a pioneering work in the contemporary study of stylistics characterizations and functions of attributed speeches in the Hebrew narratives

*The Fall Reconsidered* Igal German, 2016-05-27 The sin narratives of Genesis 3 and 4 have been scrutinized by biblical interpreters throughout the centuries Some exegetical traditions have separated the story of Cain Abel from the preceding Edenic narrative thus undermining the unity of the Primeval History The book synthesizes the sin narratives of Adam Eve and Cain Abel and examines a wide range of premodern biblical interpretations attesting to their literary and theological unity This study makes a case for reading these primordial narratives as one familial saga that conveys to the reader the origins of human defiance against God Hebrew studies, 2006 *The Anterior Construction in Classical Hebrew* Ziony Zevit, 1998 The author provides a detailed but relatively straightforward examination of the syntactical means by which chronological

**Seeing Signals, Reading Signs** Mark A. O'Brien, Howard N. Wallace, 2004-12-23 For Antony Campbell exegesis is an artistic endeavour requiring sensitivity to the literary signals in the text and an artist's eye for reading the signs Literary signals are like signposts As he notes in his 2003 commentary on 1 Samuel several signposts pointing in different directions to the same destination invite reflection Several routes can lead to the same goal His experience of the biblical text suggests that reflection is being invited constantly A biblical text can appear disarmingly simple or profoundly challenging The Bible forms a rich and varied tapestry This volume of essays is a fitting testimony to Campbell's contribution to biblical scholarship Here leading scholars take up the challenge of applying their own exegetical skills and sensitivity to seeing signals and
