The Dark Frontier:

The Dark Frontier Eric Ambler,1967 Black Frontiers Lillian Schlissel,2000-02 *Black Frontiers* chronicles the life and times of black men and women who settled the West from 1865 to the early 1900s In this striking book you ll meet many of these brave individuals face to face through rare vintage photographs and a fascinating account of their real life history

The Dark Frontier Armand Rosamilia,Jacob Floyd,Stuart Conover, Lee Clark Zumpe,2020-07-28 There s something sinister in the mountain letting monsters loose upon the world Civilization is collapsing the lands are submerged in shadow Soon the darkness will consume the countryside leaving but one path through the void a path that cuts across the Dark Frontier This western wasteland sprawls across the ruins of what were once the great cities of humankind Now beneath the looming devastation standing on the precipice of extinction man finds himself driven by temptation and survival to steal and to kill The innocent huddle in the shades and crevices of civilization s cemetery praying to the deafened gods of faded faiths to help them make it through the apocalypse Then the dark guardians of the new world rise from the deep stomping over the land and feeding on the twisted souls of those who survived the first cataclysm In its last stand for survival humanity will tear itself into fragments and then scatter in the winds of war famine and fire Regimes meant to protect the populace lone heroes and those determined to make it through the end times will rise and fall live and die and cross the broken prairies and scorched lands only to arrive in cities reduced to rubble crawling with killers and creatures that devour the ghosts of man They will have no choice but to return to the shattered wilderness of the Dark Frontier It is out there beyond the edges of dead worlds past the graveyards where the grand plans of man now wither and rot where all shall find their end where humanity s swan song will be swallowed by the black winds of chaos spreading from the hills and mountains Trapped in the shadows that surround the world as the wall of the black void closes in man s revelation comes down to one question is the evil out there where the world is dying or was the Dark Frontier inside us all along The Pale Horse has come and it carries the Black Angel Get ready to ride *The Dark Frontier* Adam Boyer,2025-09-19 Deep Hell Bruce Alterman,2021-06-30

Far into the future the utopian society of Bliss enjoys every comfort sustainable food sources and advanced technologies They believe themselves to be the only survivors of the long ago unknown viral calamity This self contained community allows their denizens to spend their time pursuing intellectual interests or just fishing and relaxing by the shore Unexpectedly they discover a mysterious radio signal which seems to indicate there may be life outside of their enclave Driven by curiosity a team known as The Crew ventures out from Bliss to investigate the source of the signal They discover a bizarre segregated society where tyrants horrifically abuse and subjugate an entire civilization to their evil will **Ocular Proof and the**

Spectacled Detective in British Crime Fiction Lisa Hopkins,2023-05-31 From Sherlock Holmes onwards fictional detectives use lenses *Ocular Proof and the Spectacled Detective in British Crime Fiction* argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives methods but also the kinds of

cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare's Othello reminds us that Othello is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases

The Dark Frontier A. B. Decker,2021-03-25 The death of journalist Frank Goss has cast a shadow full of troubling question marks over Ellen's bereavement Above all what led him to disappear from her life without any explanation When Frank arrives in Basel Switzerland to cover a referendum on women's suffrage in 1971 he is plagued by hallucinations After admission to a clinic he vanishes And Ellen is left only with a mysterious verse that psychiatrist Dr Zellweger says he wrote before discharging himself But not only do the descriptions of their patient not tally with the Frank she knows The patient gave his name as Eigenmann Had he been living a separate life she knew nothing about While she searches for Frank with generous support from Zellweger's wife Marthe the story of Eigenmann gradually emerges the drama of a man possessed exiled in a border town beset by the bullying behaviour of its Nazi neighbours in the late 1930s and drawn by the allure of a beautiful woman But was this all a figment of Frank's imagination Only after his funeral is it brought home to Ellen that she was offered a clue to unlocking this mystery from the outset

imagination Detailing the overlap of science fiction and western fiction especially relating to their mutual interest in and concerns about frontier expansionism he reveals an unsuspected common ground that informs the writings of both camps Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials Abbott's study journeys across the far reaches of science fiction's universe From the Black Sea Through Persia and India Edwin Lord Weeks, 1896
