Marketing Management, 2nd Edition Arun Kumar & N. Meenakshi, 2011 Marketing is a way of doing business. It is all pervasive, a part of everyone's job description. Marketing is an expression of a company's character and is a responsibility that necessarily belongs to the whole company and everyone in it. American Automobile Advertising, 1930-1980 Heon Stevenson, 2008-11-24 This book provides a comprehensive history of American print automobile advertising over a half-century span beginning with the entrenchment of the Big Three automakers during the Depression and concluding with the fuel crises of the 1970s and early 1980s. Advances in general advertising layouts and graphics are discussed in Part One together with the ways in which styling, mechanical improvements and convenience features were highlighted. Part Two explores ads that were concerned less with the attributes of the cars themselves than with shaping the way consumers would perceive and identify with them. Part Three addresses ads oriented toward the practical aspects of automobile ownership concluding with an account of how advertising responded to the advance of imported cars after World War II. Illustrations include more than 250 automobile advertisements, the majority of which have not been seen in print since their original publication. Advances in Design, Music and Arts III Daniel Raposo, João Neves, Ricardo Silva, Luísa Correia Castilho, Rui Dias, 2024-12-01 This book presents cutting edge methods and findings that are expected to contribute to significant advances in the areas of communication design, fashion design, interior design and product design as well as musicology and other related areas. It especially focuses on the role of digital technologies and on strategies fostering creativity, collaboration, education as well as sustainability and accessibility in the broadly intended field of design. Gathering the first volume of the proceedings of the 9th EIMAD conference held in hybrid format from 27 to 29 June 2024 and organized by the School of Applied Arts of the Polytechnic Institute of Castelo Branco in Portugal, this book offers a timely guide and a source of inspiration for designers of all kinds, advertisers, artists and entrepreneurs as well as educators and communication managers.
