The Defense Of Wake Marines At Midway:

The Defense of Wake - Marines at Midway Robert Debs Heinl, 1990 [Marines In World War II - The Defense Of Wake \[Illustrated Edition\]](#) Lieutenant Colonel R.D. Heinl Jr. USMC, 2014-08-15 Contains 23 photos and 8 maps and charts The story of the immortal heroic defence of the American outpost on Wake Island by a handful of marines and civilians against an overwhelming forces of the Japanese During December 1941 the stubborn defense of Wake by less than 450 Marines galvanized not only the American public but their comrades in arms In days of disaster then as of uncertainty later the thought of Wake and its defenders encouraged Marines to hang on longer and to fight more resolutely Small in time and numbers though the action was by comparison with Guadalcanal or the other great battles to come Wake will never be forgotten To my mind in addition to the obvious military lessons which may be drawn from any battle be it victory or defeat the defense of Wake points up two soldierly characteristics which may well be remembered by Marines These are military adaptability and the realization that first and always one must be prepared to face ultimate close ground combat with the enemy The officers and men of the 1st Defense Battalion on Wake were artillerymen of a highly specialized type those of VMF 211 were aviation technicians neither group let its specialized training or background prevent it from fighting courageously and well as basic infantry when the chips were down Despite its specialization each group did the best it could with what it had These capabilities and attributes I submit should characterize Marines now as they characterized those Marines on Wake who though they were outnumbered and eventually overwhelmed were never outfought A A VANDEGRIFT General U S Marine Corps *Pearl Harbor Attack* United States. Heinl Jr. USMC, 2014-08-15 The story of the Marines during the pivotal campaign of the Pacific that culminated at the Battle of Midway Contains 25 photos and 3 maps and charts The name Midway means much to Marines At the very outset of war when Midway's sole garrison consisted of a Fleet Marine Force defense battalion stationed there in advance of hostilities the Japanese found that here as at Wake Marines were ready Subsequently in the battle of Midway the heroism of Marine fighter and dive bomber pilots who attacked effectively and unhesitatingly against tremendous odds demonstrated once again that courage and discipline are among the high traditions of our Corps There is another lesson to be derived from the Marine story of Midway however and that is the unity of the Fleet Marine Force as a completely integrated air ground team This too is traditional but it has never been better demonstrated than by the integration of Marine artillery and infantry who secured the base with Marine air which struck the first blow at the Japanese carriers from that base While Marine fighters were slashing at enemy air Marine artillerymen were shooting the Japanese planes down and Marine dive bombers were harrying the enemy fleet This coordinated interaction by land and sea and air embodied the time tried and proven doctrines
