Supreme Challenge:

Arbitration in Egypt Ibrahim Shehata, 2021-10-05 Egypt and in particular the Cairo Regional Centre for International Commercial Arbitration CRCICA has clearly cemented its status as a preferred seat for arbitration cases in both the Middle East North Africa MENA region and the African continent. To assist parties with a need or desire to arbitrate disputes arising in these regions whether commercial or investment this incomparable book the first in depth treatment in any language of arbitration practice under Egyptian law provides a comprehensive overview of the arbitration process and all matters pertaining to it in Egypt starting with the arbitration agreement and ending with the recognition and enforcement of the arbitral award. Citing more than 2 500 cases both awards and arbitral related court judgments the book's various chapters examine in detail how Egypt's arbitration law based on the UNCITRAL model law encompasses such internationally accepted arbitral provisions and aspects as the following application of the New York Convention concept of arbitrability choice of applicable law formation of the arbitral tribunal selection rights duties liability and challenge of arbitrators arbitral procedures evidence and experts and burden of proof form and content of arbitral awards annulment and enforcement procedures interaction between Sharia law and arbitration role of Egypt's Technical Office for Arbitration TOA and judicial fees. Special issues such as third party funding and public policy as well as particular areas of dispute such as construction sports real estate labor and employment tax competition intellectual property and technology transfer are all covered. The author offers practical guidelines tailored to arbitration in these specific areas of law. An added feature is the many figures and other visuals that accompany the text. For whoever is planning to or is currently practicing arbitration in the Middle East this matchless book gives arbitrators in house counsel and arbitration practitioners everything that is needed to answer any question likely to arise. This book should be on the shelf of every practitioner and academic wishing to comprehend arbitration in Egypt as construed by the Egyptian Courts. Review Testimonial The book is an excellent contribution to understand and assess Egyptian international arbitration law and practice and invaluable guide for lawyers arbitrators and academics working on arbitration cases connected to Egypt for three main reasons. First a case law perspective that adds considerable value to the book. The author examines not only the text of laws but also the case law. On every issue Mr Shehata quotes the positions of Egyptian courts especially those of the Egyptian Cassation Court. With more than 2 500 cases cited the book is a precious source to discover the Egyptian decisions originally only in Arabic. Through an analysis and commentary of a great number of decisions rendered by various levels of Egyptian courts the book offers the most reliable source with regard to the interpretation and the application of the Law No 27 of 1994 and the international conventions by Egyptian courts. Second a complete and far reaching analysis. The book covers all aspects of the arbitration process from the arbitration agreement to the enforcement of arbitral awards. It includes the specific arbitration sectors such as sport arbitration construction arbitration and investment arbitration. This coverage makes the book one of the reference work on

the whole regime of arbitration in Egypt Third an up to date study which takes into account rule changes and up to date developments on new trends such as third party funding optional clauses virtual hearings the use of tribunal secretaries and issues of ethics in arbitration Source Reviewer Professor Walid Ben Hamida University of Paris Saclay France ICC DISPUTE RESOLUTION BULLETIN 2021 ISSUE 3
