The People Smugglers:

Kolor. Journal on moving communities - 2004 - Vol.4 - N. 1 , *Refugee Crisis: The Borders of Human Mobility* Melina Duarte, Kasper Lippert-Rasmussen, Serena Parekh, Annamari Vitikainen, 2018-10-08 How should we respond to the worst refugee crisis since the World War II What are our duties towards refugees and how should we distribute these duties among those at the receiving end of the refugee flow What are the relevant political solutions Are some states more responsible for creating the current refugee situation and if so should they also carry a larger burden on solving this situation Is people smuggling always morally wrong Are some groups for example children owed more than others and should we thus take active measures to remove them from conflict zones How are the existing refugee regimes in Europe North America or Australia challenged by the current crisis Are some of their measures more justified than others *Refugee Crisis The Borders of Human Mobility* discusses the various ethical dilemmas and potential political solutions to the ongoing refugee crisis providing both theoretical and practical reflections on the current crisis as well as the ways in which this crisis has been handled in public debate The contributors to the volume include some of the most prominent political theorists and experts on the current refugee situation as well as some of the upcoming young scholars working on the theme This book was originally published as a special issue of the *Journal of Global Ethics*

Analysing Society in a Global Context Anne Sophie Krossa, 2020-06-02 This book is the empirical part of a broad research project on society in a global context complementing the first theoretical book *Theorizing Society in a Global Context* While the theoretical book set the framework for a long overdue readdressing of the sociological core term society in a conflict theoretical perspective this second book substantiates its findings with theory driven empirical analysis Krossa investigates a variety of social exchanges between refugees and longer term residents using various qualitative methods and applies a lens of inclusion and exclusion via definitions of dirt and cleanliness to analyse the ways in which conflict prone activities to integrate take place *Analysing Society in a Global Context* will be of interest to students and scholars across sociology cultural studies migration studies European studies globalisation studies modern history and political science

Seeking Asylum Alone Mary Crock, 2006 Unaccompanied and separated children continue to be caught up in programs to deflect unauthorised Australian boat arrivals to offshore processing centres If such children do make it to Australia the processes for identifying children travelling alone are inadequate with too much reliance placed on the self identification of such children No child victim of trafficking has been identified in Australia since 1994 Australia's refugee status determination system was established with adult asylum seekers as the norm Children face obvious disadvantage in both articulating their story and in being heard At the crucial first point of contact with authorities children are required to articulate their need for protection without either an advisor or an effective guardian Case studies of children within the asylum process also suggest that immigration officials and officials at appellate level have been poorly trained and have lacked the skills to deal with child asylum seekers with

appropriate sensitivity Another barrier faced by these children is legal questions remain as to how well the international definition of refugee has been read to accommodate the particular experiences of children It is hoped that this report will encourage Australian officials to think seriously about children as refugees in their own right most particularly when the children are travelling alone This Report was funded by the MacArthur Foundation Chicago the Australian Research Council and the Myer Foundation Also available Seeking Asylum Alone A Comparative Study Unaccompanied and Separated Children and Refugee Protection in Australia the UK and the US by Jacqueline Bhabha and Mary Crock *Refugees and the Rich-World Fortress* Sarah Stephen, 2005 The Australian government's appalling treatment of asylum seekers has shocked people around the world Refugees desperate to escape oppression and misery in their homelands have not found shelter and comfort here but instead have been subjected to soul destroying incarceration and loss of all hope They have been made scapegoats for a racist campaign to boost the Coalition's stocks and enable it to retain power Back cover Smuggled Ruth Balint, Julie Kalman, 2021-05-01 Louis was an agent of conspiracy a people trafficker helping the captive and the helpless negotiate a precarious avenue to freedom He was I believe genuinely on our side and to this day remains a hero for me Les Murray sports commentator and Soccer King People smugglers are the pariahs of the modern world There is no other trade so demonised and yet at the same time so useful to contemporary Australian politics But beyond the rhetoric lies a rich history that reaches beyond the maritime borders of our island continent and has a longer lineage than the recent refugee movements of the twenty first century Smuggled recounts the journeys to Australia of refugees and their smugglers since the Second World War from Jews escaping the Holocaust Eastern Europeans slipping through the Iron Curtain boat people fleeing the Vietnam War to refugees escaping unthinkable violence in the Middle East and Africa Based on original research and revealing personal interviews Smuggled marks the first attempt to detach the term people smuggler from its pejorative connotations and provides a compelling insight into a defining yet unexplored part of Australia's history Smuggled is a pioneering work in Australian immigration history The history of illegal journeys is a topic rarely discussed let alone researched in any depth The powerful stories recounted in this compelling book about people smuggling write a new chapter in the history of displacement through the extraordinary experiences of courage survival and resilience It is inspiring research which transforms our understanding of the history of migration to Australia through an evocative new lens Professor Joy Damousi Australian Catholic University Smuggled is an enthralling book Each chapter is a short story of a separate and unique journey to safety dangerous desperate and daring Each story adds to our understanding of a smuggler as a person who is often so much more than an unscrupulous criminal They are frequently skilled facilitators brave guides and caring escorts They range from diplomats to simple villagers It may suit some politicians to colour smugglers as money hungry crooks but without their help the refugees in this book and most refugees in general would never have made it to Australia to build worthwhile lives Smuggled is a new important way to tell our migration history and is a fascinating read

Andrew and Renata Kaldor Kaldor Centre for International Refugee Law University of New South Wales A combination of engaging stories and astute analysis *Smuggled* is a timely corrective to the simplistic portrayal of people smugglers as evil scum Some smugglers may be heroes and some may be villains but to blame them for the suffering of refugees is to deflect from more important concerns including the oppression that drives people from their homes and the border controls that force them onto dangerous routes Peter Mares The Cranlana Centre for Ethical Leadership **Troubled Transit** Antje Missbach, 2015-09-11 *Troubled Transit* considers the situation of asylum seekers stuck in limbo in Indonesia from a number of perspectives It presents not only the narratives of many transit migrants but also the perceptions of Indonesian authorities and of representatives of international and non government organizations responsible for the care of transiting asylum seekers Fascinated by the extraordinary and seemingly limitless resilience shown by asylum seekers during their often lengthy and dangerous journeys the author highlights one particular fragment of their journeys their time in Indonesia which many expect to be the last stepping stone to a new life While they long for their new life to unfold most asylum seekers become embroiled in the complexities of living in transit Indonesia a vast archipelago of more than 17 000 islands is more than a location where people spend time waiting it is a nation state that interacts with transiting asylum seekers and formulates policies that have a profound impact on their experience in transit there *Troubled Transit* tries to explain the complexities faced by the transiting migrants within the context of the Indonesian government and its political challenges including its relationship with Australia The Australia centric view of recent asylum seeker issues has tended to ignore the larger socio political context of the migratory routes and the perspectives of transit states towards asylum seekers stuck in transit This book hopes to direct the Australia centric gaze northwards to take Indonesian policies and policymaking into account thereby giving Indonesia more relevance as a transit country and as an important partner in regional protection schemes and migration management Even though some Indonesian policies and practices are less than favourable for asylum seekers and even reprehensible from a human rights perspective more attention must be paid to ongoing developments that impact on transiting asylum seekers in Indonesia if any of the hardships they suffer there are to be alleviated Seeking Refuge Joanne Coghlan, John Minns, Jo Coghlan, Andrew Wells, 2005 With a foreword by Thomas Keneally *Seeking Refuge* takes a direct look at refugee and humanitarian issues challenging Australia and the world Detainees tell their own stories in frank interviews Expert contributors including Tessa Morris Suzuki Andrew Wells and Carmen Lawrence analyse the role of governments and the UN as well as the manipulation of public opinion New Zealand Yearbook of International Law Christian Riffel, Róisín Burke, 2019-06-24 The *New Zealand Yearbook of International Law* is an annual internationally refereed publication intended to stand as a reference point for legal materials and critical commentary on issues of international law The Yearbook also serves as a valuable tool in the determination of trends state practice and policies in the development of international law in New Zealand the Pacific region the Southern Ocean and Antarctica and seeks to

generate scholarship in those fields In this regard the Yearbook contains an annual Year in Review of developments in international law of particular interest to New Zealand as well as a dedicated section on the South Pacific This Yearbook covers the period 1 January 2017 to 31 December 2017 The Rhuvaig smuggler Adam Barbour,1889 **The Autobiography of a Cornish Smuggler** Harry Carter,1894 Report of the Special Rapporteur on the Human Rights of Migrants on His Mission to Australia and the Regional Processing Centres in Nauru United Nations.
