## **The Magic In The Streets:**

**The Magic in the Streets** Francine Witte,1994-09-01     [Magic Streets Arizona Bound Book Three](#) Marco

Marek,2024-04-22 In Prague with his fianc e awaiting a new mission Jack receives a postcard from Arizona The enigmatic message scribbled on its face is penned by the attractive and dangerous Ashlynn Jack suspects her invitation is a trap Yet his cohorts are undeterred eager to experience whatever wonders and perils await them in America With their Navajo hosts Jack must face many new mysteries and supernatural encounters from vampires to skinwalkers to aliens Ashlynn believes they first came to Earth through a powerful portal many centuries ago searching for Earth s resources But why have they returned What connection do Ashlynn and the Native Americans have to these interstellar voyagers Is this a prelude to an alien invasion It s up to Jack and his companions to discover the truth But can they put the pieces of this dangerous puzzle together in time to save the world     *Secular Magic and the Moving Image* Max Sexton,2017-12-14 The power of the moving image to conjure marvelous worlds has usually been to understand it in terms of move magic On film a fascination for enchantment and wonder has transmuted older beliefs in the supernatural into secular attractions But this study is not about the history of special effects or a history of magic Rather it attempts to determine the influence and status of secular magic on television within complex modes of delivery before discovering interstices with film Historically the overriding concern on television has been for secular magic that informs and empowers rather than a fairytale effect that deceives and mystifies Yet shifting notions of the real and the uncertainty associated with the contemporary world has led to television developing many different modes that have become capable of constant hybridization The dynamic interplay between certainty and indeterminacy is the key to understanding secular magic on television and film and exploring the interstices between them Sexton ranges from the real time magic of street performers such as David Blaine Criss Angel and Dynamo to Penn and Teller s comedy magic to the hypnotic acts of Derren Brown before finally visiting the 2006 films The Illusionist and The Prestige Each example charts how the lack of clear distinctions between reality and illusion in modes of representation and presentation disrupt older theoretical oppositions Secular Magic and the Moving Image not only re evaluates questions about modes and styles but raises further questions about entertainment and how the relations between the program maker and the audience resemble those between the conjuror and spectator By re thinking these overlapping practices and tensions and the marking of the indeterminacy of reality on media screens it becomes possible to revise our understanding of inter medial relations     *Magic Streets: Prague Bound Book One* Marco Marek,2019-02-02 Photography has never been so dangerous for Jack Excited to visit Prague he s ready to action But photos isn t the only challenge that Jack will face Blissfully unaware of the magic contained within the city of Prague he stumbles upon a magic street He didn t know he will be involved with a monster hunt with a tarot reader Will Jack be able to face it or will the city be lost forever     **Magic** David Price,1985
