Sex, Love, and Migration Alexia Bloch,2017-12-15 Sex Love and Migration goes beyond a common narrative of women s exploitation as a feature of migration in the early twenty first century a story that features young women from poor countries who cross borders to work in low paid and often intimate labor Alexia Bloch argues that the mobility of women is marked not only by risks but also by personal and social transformation as migration fundamentally reshapes women s emotional worlds and aspirations Bloch documents how as women have crossed borders between the former Soviet Union and Turkey since the early 1990s they have forged new forms of intimacy in their households in Moldova Ukraine Belarus and Russia but also in Istanbul where they often work for years on end Sex Love and Migration takes as its subject the lives of post Soviet migrant women employed in three distinct spheres sex work the garment trade and domestic work Bloch challenges us to decouple images of women on the move from simple assumptions about danger victimization and trafficking She redirects our attention to the aspirations and lives of women who despite myriad impediments move between global capitalist centers and their home communities

Neo-Ottoman Imaginaries in Contemporary Turkey Catharina Raudvere,Petek Onur,2022-12-13 This book presents gendered readings of cultural manifestations that relate to the Ottoman era as a preferred past and a model for the future By means of claims of authenticity and the distribution of imaginaries of a homogenous desirable alternative to everyday concerns as well as invoking an imperial past at the national level In this mode of thinking shaped around a polarised worldview Republican ideals serve as a counter image to the promoted splendour and harmony of the Ottomans Yet the stereotypical gender roles inextricably linked with this neo Ottoman imaginary remain largely unacknowledged dissimulated in the construction of the desire of an idealised past Our adaption of a cultural studies perspective in this volume puts special emphasis on agency gender and authority It provides a shared ground for the interrogation through the contributions comprising this project of knowledge production about the past in light of what constitutes acceptable legitimacy in interpreting not only the canonical literature but history at large
