## **The Makers Of History:**

**A Maker of History** E. Phillips Oppenheim, 2019-12-04 E Phillips Oppenheim's *A Maker of History* is a captivating exploration of identity and power during a transformative era. Nestled within the literary realm of early 20th century fiction, the narrative is characterized by Oppenheim's deft prose and intricate character development. The novel weaves together themes of ambition, sacrifice, and the moral complexities of leadership against a backdrop of political machinations. Through its vivid and suspenseful storytelling, the book illuminates the often overlooked struggles of those who shape history, making it a significant piece of historical fiction. Oppenheim, known as the Prince of Storytellers, was a prolific writer whose works reflected the socio-political climate of his time. Born in 1866, he was deeply influenced by the tumultuous events of the late Victorian and Edwardian eras, which informed his understanding of power dynamics and societal change. His experiences, combined with a keen interest in the intricacies of human nature, allowed him to create stories that resonate with both emotional depth and historical relevance. For readers interested in the interplay of personal ambition and historical significance, *A Maker of History* is a must-read. Oppenheim's masterful narrative invites contemplation on the responsibilities of leadership while providing a gripping tale that captures the imagination, making it a timeless addition to any literary collection.

Makers of History Series Makers of History Series, 1935 Auden and the Muse of History Susannah Young-ah Gottlieb, 2022-12-13 Concentrating on W. H. Auden's work from the late 1930s when he seeks to understand the poet's responsibility in the face of a triumphant fascism to the late 1950s when he discerns an irreconcilable divorce between poetry and history in light of industrialized murder, this startling new study reveals the intensity of the poet's struggles with the meanings of history. Through meticulous readings, significant archival findings, and critical reflection, Susannah Young-ah Gottlieb presents a new image and understanding of Auden's achievement and reveals how his version of modernism illuminates urgent contemporary issues and theoretical paradigms, from the meaning of marriage equality to the persistence of fascism, from critical theory to psychoanalysis, from precarity to postcolonial studies. The muse does not like being forced to choose between agit-prop and Mallarmé. Auden writes with characteristic lucidity, and this study elucidates the probity, humor, and technical skill with which his responses to historical reality in the mid-twentieth century illuminate our world today.

The Maker of Pedigrees Markus Friedrich, 2023-04-04 A history of genealogical knowledge-making strategies in the early modern world. In *The Maker of Pedigrees*, Markus Friedrich explores the complex and fascinating world of central European genealogy practices during the Baroque era. Drawing on archival material from a dozen European institutions, Friedrich reconstructs how knowledge about noble families was created, authenticated, circulated, and published. Jakob Wilhelm Imhoff, a wealthy and well-connected patrician from Nuremberg, built a European community of genealogists by assembling a transnational network of cooperators and informants. Friedrich uses Imhoff as a case study in how knowledge was produced and disseminated during the 17th and 18th centuries. Family lineages were key instruments in defining dynasties, organizing

international relations and structuring social life Yet in the early modern world knowledge about genealogy was cumbersome to acquire difficult to authenticate and complex to publish Genealogy's status as a source of power and identity became even more ambivalent as the 17th century wore on as the field continued to fragment into a plurality of increasingly contradictory formats and approaches Genealogy became a contested body of knowledge as a heterogeneous set of actors including aristocrats antiquaries and publishers competed for authority Imhoff was closely connected to all of the major genealogical cultures of his time and he serves as a useful prism through which the complex field of genealogy can be studied in its bewildering richness

The Routledge Companion to the Makers of Global Business Teresa da Silva Lopes, Christina Lubinski, Heidi J.S. Tworek, 2019-07-09 The Routledge Companion to the Makers of Global Business draws together a wide array of state of the art research on multinational enterprises The volume aims to deepen our historical understanding of how firms and entrepreneurs contributed to transformative processes of globalization This book explores how global business facilitated the mechanisms of cross border interactions that affected individuals organizations industries national economies and international relations The 37 chapters span the Middle Ages to the present day analyzing the emergence of institutions and actors alongside key contextual factors for global business development Contributors examine business as a central actor in globalization covering myriad entrepreneurs organizational forms and key industrial sectors Taking a historical view the chapters highlight the intertwined and evolving nature of economic political social technological and environmental patterns and relationships They explore dynamic change as well as lasting continuities both of which often only become visible and can only be fully understood when analyzed in the long run With dedicated chapters on challenges such as political risk sustainability and economic growth this prestigious collection provides a one stop shop for a key business discipline Chapter 31 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Makers of Canada. [Vol.I-XXIII] ..., 1911

The Routledge Companion to the Makers of Modern Entrepreneurship David Audretsch, Erik Lehmann, 2016-09-13 Once relegated to the dusty shelves of ancient muses research and scholarship on entrepreneurship has exploded as a field of research with impactful additions from a range of disciplines rendering the field a tricky one to traverse The Routledge Companion to the Makers of Modern Entrepreneurship offers a comprehensive guide to entrepreneurship providing an authoritative exploration of the key people and their ideas This book tells the stories of the scholars who have set the standard and tone for thinking and analysing entrepreneurship Edited by two of the world's leading entrepreneurship scholars this comprehensive volume offers a platform for understanding and future research that is both state of the art and authoritative It expands on how modern entrepreneurship has developed with a focus on the key makers of the field including theories such as social psychology concepts such as neuroeconomics and types such as political entrepreneurship The contributions to the collection are grouped into three sections Emergence of Entrepreneurship Research Theories in Modern

Entrepreneurship Concepts and Makers in Modern Entrepreneurship This companion is essential reading for students and academics interested in entrepreneurship entrepreneurial management and business management     **The Makers of Canada: Joseph Howe** Duncan Campbell Scott,1909     **Making History with Manuscripts in Medieval and Early Modern Europe** Johannes Junge Ruhland,2025-06-02 This volume interrogates the role of the manuscript medium in conveying history to medieval and early modern readers The contributors adopt a capacious understanding of history to explore history writing in its materiality from a variety of methodological and disciplinary perspectives The core contentions of this book are that the material features of manuscripts helped shaping historical narratives and defining history conceptually and that therefore the makers of these manuscripts played an instrumental role in history writing alongside authors Ranging from the ninth to the sixteenth centuries and comprising materials from across Western Europe in Latin and the vernaculars the ten chapters of this volume uncover stakes and strategies tied to highly specific contexts such as late thirteenth century Corbie or fifteenth century Zurich yet partaking in a shared practice of history writing with manuscripts Manuscript makers made history through layout rewriting illumination compilation choice of script and annotation and conferred history writing its material dimension This volume therefore situates the writing of history in its material dimension and invites us to consider medieval and early modern historiography in its medium     **China Report** ,1986
