## **The Christian Leader**

Bill Hull,2016-05-31 What if everything you ve heard about leadership is wrong Secular models of leadership rooted in pragmatic success dominate Christian leadership in the West It makes our work impersonal and exploitative And at worst it serves the leader rather than those the leader leads We need a different style of leadership one patterned after Jesus We need to learn to influence others out of our character for that is what Jesus did The Christian Leader is not about improving your church your work or your family it is about changing how you lead It does more than teach you how to modify your behavior it shows you how to change the sources of your behavior your motives and reasons for being a Christian leader In the end as everything you know and believe about Christian leadership is transformed it will lead to transformation in those you lead and serve

*Freed to Lead* Rodney Woods,2016-01-15 This book and course is designed to enable Christians to lead confidently based on their identity in Christ Leadership is tough Many leaders come to leadership from competence in a different field without training and fear that they cannot really lead and will be found out one day Many leaders are insecure constantly assessing how they are coming across and where challenges may arise Being grounded in Christ is the foundation for all true Christian leadership This identity based leadership makes us less driven reduces the risk of burnout and enables us to survive personal attacks use conflict positively and overcome other barriers to effective leadership Once we operate

from this secure base centred and grounded in Christ we become less vulnerable to threats to our status we cease to have anything to hide because we can afford to be vulnerable and we are less likely to be blown off course by strong willed people wanting to push their own agenda *The Future of Religious Leadership* Alon Goshen-Gottstein,2018-08-08 The chapters collected in this book prepared by a think tank of the Elijah Interfaith Academy address the subject of religious leadership The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership As such it is also germane to religious thought where reflections on religious leadership occupy an important place What does it mean to be a religious leader in today s world To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations and to what degree do we encounter challenges today that are unique to our day and age One dimension is surely unique and that is the very ability to explore these issues from an interreligious perspective and to consider challenges opportunities and strategies across religious traditions Studying the theme across six faith traditions Christianity Islam Judaism Sikhism Hinduism and Buddhism The Future of Religious Leadership World Religions in Conversation recognizes the common challenges to present day religious leadership Contributors Awet Andemicael Timothy J Gianotti Alon Goshen Gottstein Anantanand Rambachan Maria Reis Habito Meir Sendor Balwant Singh Dhillon Miroslav Volf

### **Christian Education Leadership**

Judy Morris D Min, Barbara Newman M a, Doug Powell Ph D, 2012 Book Description The collective work of twenty Christian leaders known for their expertise in Christian education this book is an up to date comprehensive resource on Christian education with the emphasis on making disciples as Jesus instructed This volume addresses spiritual formation for all age groups and gives guidance on how to develop an effective church discipleship ministry The book shows church leaders how to provide for the spiritual formation of all age groups including people with special needs who are often neglected The aim of the book is to forge a strong connection between what happens on Sunday and how people live every day The goal is discipleship stressing how to develop a congregation that is on mission rather than merely a group of people who convene on Sundays The book contains a strong emphasis on missions as an integral part of church identity and activity Church leadership must provide ways for growing and encouraging disciples in being on a mission for Christ At the core of the book is Jesus command to his disciples including church leaders today Go and make disciples of all the nations baptizing them in the name of the Father and the Son and the Holy Spirit teaching them to observe all that I commanded you Matthew 28:19-20 NASB As we enter the third millennia of the Christian church church leaders must learn and practice ways to truly obey Jesus command This comprehensive book provides guidance and inspiration for doing that The Christian leaders who authored this resource also point to the urgent need to equip and involve lay people in all the work of the church The authors call for church leaders to involve church members in planning decision making and action rather than to promote on purpose or by default a spectator mentality Citing Ephesians 4:11-12 the authors emphasize that a church's staff members exist to equip and deploy all believers in the mission and ministry of Christ The book stresses guiding Christian leaders to move their church from a school with pews mentality to a place that heeds the biblical call to develop disciples Instead of just maintaining members church leaders must focus on making disciples in order for their congregation to be on a mission as a vibrant force for change in their community and around the world WHO NEEDS THIS BOOK University and seminary professors will find this

volume a good choice for a textbook for preparing ministers for church ministry It will also be a valuable tool for pastors general staff leaders and practitioners for the various age group staff and key volunteer leaders in the local churches **So**

**Making of a Mentor** Theodore Wilhelm Engstrom,Ron Jenson,2005 Jesus ministered to many but focused on a few What makes this strategy so compelling Because he understood the secret of living forward spiritual multiplication through intentionally influencing a few people at a time He knew that by concentrating on a few faithful men and women they would leave behind them a legacy of people whose influence would extend beyond a generation or two in fact a legacy that would continue to multiply until he returned This book is written to stimulate you whatever your age gender or position in life toward a passionate desire to change people who will then change other people who will change other people The key is not
