## **The Making Of Our America:**

**Our America** Felipe Fernández-Armesto, 2014-01-13 A rich and moving chronicle for our very present Julio Ortega New York Times Book Review The United States is still typically conceived of as an offshoot of England with our history unfolding east to west beginning with the first English settlers in Jamestown This view overlooks the significance of America's Hispanic past With the profile of the United States increasingly Hispanic the importance of recovering the Hispanic dimension to our national story has never been greater This absorbing narrative begins with the explorers and conquistadores who planted Spain's first colonies in Puerto Rico Florida and the Southwest Missionaries and rancheros carry Spain's expansive impulse into the late eighteenth century settling California mapping the American interior to the Rockies and charting the Pacific coast During the nineteenth century Anglo America expands west under the banner of Manifest Destiny and consolidates control through war with Mexico In the Hispanic resurgence that follows it is the peoples of Latin America who overspread the continent from the Hispanic heartland in the West to major cities such as Chicago Miami New York and Boston The United States clearly has a Hispanic present and future And here is its Hispanic past presented with characteristic insight and wit by one of our greatest historians
