The Manly Hearted Woman:

The Manly-hearted Woman Frederick Feikema Manfred, 1975 **Changing Sex and Bending Gender** Alison Shaw, Shirley Ardener, 2005 Anthropologists and historians have shown us that male and female are variously defined historically and cross culturally The contributions to this volume focus on the voluntary and involuntary temporary or permanent transformation of gender identity Overall this volume provides powerful and compelling illustrations of how across a wide range of cultures processes of gender transformation are shaped within and ultimately constrained by social and political context From medical responses to biological ambiguity legal responses to cases brought by transsexuals the historical role of the eunuch in Byzantium the social transformation of gender in Northern Albania and in the Southern Philippines to North American drag shows English pantomime and Japanese kabuki theatre this volume offers revealing insights into the ambiguities and limitations of gender transformation The Primitive Mind and Modern Man John Alan Cohan, 2010 This book is in the field of trans cultural psychology and is intended for college courses in anthropology and psychology and general readership the book focuses on intriguing facts about primitive cultures around the world and provides insights into living traditions and different world views a principal theme of the book is that we can gain a better understanding of ourselves by a detour to other cultures the book shows how modern ways of thinking are parallel to those of primitive cultures and engages readers to become more aware of who they are As shown throughout the book there is not after all a very wide gulf between primitive and modern cultures the book covers many topics including animism shamanism totemism hunting and cultivation rituals altered states of consciousness envy and the evil eye how people deal with conflicts potlatches cargo cults how people satisfy the need for social approval culture bound syndromes folk medicine treatment of women raising of children nomadic peoples treatment of the dead and other topics **Colonialism on the Prairies** Blanca Tovias, 2012-07-23 This book spans a century in the history of the Blackfoot First Nations of present day Montana and Alberta It maps out specific ways in which Blackfoot culture persisted amid the drastic transformations of colonisation with its concomitant forced assimilation in both Canada and the United States It portrays the strategies and tactics adopted by the Blackfoot in order to navigate political cultural and social change during the hard transition from traditional life ways to life on reserves and reservations Cultural continuity is the thread that binds the four case studies presented encompassing Blackfoot sacred beliefs and ritual dress practices the transmission of knowledge and the relationship between oral stories and contemporary fiction Blackfoot voices emerge forcefully from the extensive array of primary and secondary sources consulted resulting in an inclusive history wherein Blackfoot and non Blackfoot scholarship enter into dialogue Blanca Tovias combines historical research with literary criticism a strategy that is justified by the interrelationship between Blackfoot history and the stories from their oral tradition Chapters devoted to examining cultural continuity discuss the ways in which oral stories continue to inspire contemporary Native American fiction This interdisciplinary study is a celebration of Blackfoot

culture and knowledge that seeks to revalourise the past by documenting Blackfoot resistance and persistence across a wide spectrum of cultural practice The volume is essential reading for all scholars working in the fields of Native American studies colonial and postcolonial history ethnology and literature
