The Maritime Dimension of Sustainable Energy Security Kapil Narula, 2018-07-21 The maritime domain and sustainable energy are two critical aspects of the twenty first century which will shape the future of humanity Although the maritime domain is inextricably interlinked with Sustainable Energy Security SES many aspects are discussed in isolated silos This book aims to fill in this gap by presenting a holistic view of the maritime dimension of SES It includes various topics such as the global energy system energy supply chains energy trade shipping of energy commodities energy markets protection of maritime energy supply lines and the role of military in providing maritime security It also focuses on harnessing offshore energy resources both hydrocarbons and marine renewable energy and discusses the developments in lowering emissions from the shipping sector The book is written for the general reader as well as students who are undergoing a course in energy systems maritime management naval studies and energy sustainability The content is tailored to meet the intellectual curiosity of the inquisitive reader and introduces various specialized topics which are dealt in a simple and concise manner It is hoped that this book would bridge the gap in the understanding of the maritime dimension of SES

Seeing the Sea Sarah Palmer, 2000 *The Maritime Dimension of CSDP*, 2013 The global maritime security environment is in the midst of an important transformation driven by a simultaneous intensification of global maritime flows the growing interconnectedness of maritime regions the diffusion of maritime power to emerging powers and the rise of a number of maritime non state actors These changes are having a profound impact on the maritime security environment of the EU and its member states and require an upgrading of the maritime dimension of the EU's Common Security and Defence Policy CSDP This study analysis the impact that the changing maritime security context is having on the EU's maritime neighbourhood and along the EU's sea lines of communications SLOCs and takes stock of the EU's existing policies and instruments in the maritime security domain Based on this analysis the study suggests that the EU requires a comprehensive maritime security strategy that creates synergies between the EU's Integrated Maritime Policy and the maritime dimension of CSDP and that focuses more comprehensively on the security and management of global maritime flows and sea based activities in the global maritime commons
