The Outlook for American Prose Joseph Warren Beach, 1968 The Outlook for American Prose (Classic Reprint)
Joseph Warren Beach, 2018-01-21 Excerpt from The Outlook for American Prose Entertaining collections of newspaper essays and write a preface in the form of a review Of the book I was offering the public calling attention to as many as possible of the weak points Of the book and so disarming criticism on these points as far as possible I should find fault with the author for coming back so often to the same writers for being so uncertain or so vacillating in his opinion upon a given writer for not knowing just what he thinks in the end of the outlook for American prose And then I should point out the weakness he shows in not allying himself with any particular school Of writing About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Outlook for American Prose** Joseph W. Literary Writings in America Kraus International Publications, 1977 Faulkner: International Perspectives Doreen Fowler, 1984 Essays on William Faulkner's work from foreign perspectives The Growth of American Literature Edwin Harrison Cady, 1956 **What America Read** Gordon Hutner, 2009 Despite the vigorous study of modern American fiction today's readers are only familiar with a partial shelf of a vast library Gordon Hutner describes the distorted canonized history of the twentieth century American novel as a record of modern classic A.L.A. Booklist, 1927 **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 American Writers and World War I David A. Rennie, 2020-07-31 Looking at texts written throughout the careers of Edith Wharton Ellen La Motte Mary Borden Thomas Boyd F Scott Fitzgerald Laurence Stallings and Ernest Hemingway American Writers and World War I argues that authors war writing continuously evolved in response to developments in their professional and personal lives Recent research has focused on constituencies of identity such as gender race and politics registered in American Great War writing Rather than being dominated by their perceived membership of such socio political categories this study argues that writers reacted to and represented the war in complex ways which were frequently linked to the exigencies of maintaining a career as a professional author War writing was implicated in and influenced by wider cultural

forces such as governmental censorship the publishing business advertising and the Hollywood film industry American Writers and World War I argues that even authors hallmark anti war works are in fact characterized by an awareness of the war s nuanced effects on society and individuals By tracking authors war writing throughout their entire careers in well known texts autobiography correspondence and neglected works this study contends that writers reactions were multifaceted and subject to change in response to their developments as writers and individuals This work also uncovers the hitherto unexplored importance of American cultural and literary precedents which offered writers means of assessing the war Ultimately the volume argues American World War I writing was highly personal complex and idiosyncratic

America's Asia Colleen Lye, 2009-05-24 What explains the perception of Asians both as economic exemplars and as threats America s Asia explores a discursive tradition that affiliates the East with modern efficiency in contrast to more familiar primitivist forms of Orientalism Colleen Lye traces the American stereotype of Asians as a model minority or a yellow peril two aspects of what she calls Asiatic racial form to emergent responses to globalization beginning in California in the late nineteenth century when industrialization proceeded in tandem with the nation s neocolonial expansion beyond its continental frontier From Progressive efforts to regulate corporate monopoly to New Deal contentions with the crisis of the Great Depression a particular racial mode of social redress explains why turn of the century radicals and reformers united around Asian exclusion and why Japanese American internment during World War II was a liberal initiative In Lye s reconstructed archive of Asian American racialization literary naturalism and its conventions of representing capitalist abstraction provide key historiographical evidence Arguing for the profound influence of literature on policymaking America s Asia examines the relationship between Jack London and leading Progressive George Kennan on U S Japan relations Frank Norris and AFL leader Samuel Gompers on cheap immigrant labor Pearl S Buck and journalist Edgar Snow on the Popular Front in China and John Steinbeck and left intellectual Carey McWilliams on Japanese American internment Lye s materialist approach to the construction of race succeeds in locating racialization as part of a wider ideological pattern and in distinguishing between its different and sometimes opposing historical effects
