## **The Path To Spiritual Excellence:**

The Path to Spiritual Excellence Shaykh Adil Al-Haqqani, 2002-07-15 From the head of the world's largest Sufi order comes another luminous volume of inspiring lectures This book includes practical steps to find your true identity and tune in to your individual spiritual powers which complete the universal scheme

**The Door of**

**Liberation**, 2016-04-26 This book contains seven fundamental Buddhist texts considered essential to Western students by Geshe Wangyal who first brought Tibetan Buddhism to America Ranging from early scriptural sources to meditation and visualization guides of Tibetan Buddhist practice this is indispensable reading for those interested in opening the door to the highest realms of freedom wisdom and compassion

*The Nature of the Sufi Path* Anab Whitehouse, 2018-11-06

The material in The Nature of the Sufi Path consists of 70 commentaries on a book entitled Sufism A Short Introduction by Professor William C Chittick Many if not most of the paragraphs that comprise the 163 pages preface plus text of Professor Chittick's book contain problems errors misleading statements and or incorrect understandings concerning Islam in general and the Sufi path in particular This is both surprising and disturbing since the author is someone who apparently enjoys a considerable reputation in North America and perhaps elsewhere in the world as an expert on and scholar of the Sufi mystical tradition I do not claim that what I say in this book is a definitive exhaustive incapable of being improved upon treatment of the Sufi path Rather my hope is that the present book might move a person closer to the truth concerning the nature of that path than Professor Chittick's aforementioned introduction to Sufism does and as such would represent an improvement over his work
