Promotion and Popularization of the Meatless Diet Desai describes in detail many facts about vegetarianism which have been hidden from the public He explains how vegetarianism s practice among its majority Hindu population may have contributed to India s continual subjugation by foreign rulers and how vegetarianism may have contributed to the creation of the brutal Hindu caste system He describes how the Indian Hindu immigrants in the West and their academic and economic success may be attributed to their vegetarian diet and why religion is being used to enforce it upon them Desai also explains the psychological and physiological effects vegetarian diets have on the human mind and body and how by understanding it people can freely choose what to eat and not eat Most importantly he describes how vegetarianism is being used as a means of mind control by social engineers who would like to recreate humanity to be able to easily adapt to the new science based technological society
