This book presents a portrait of the Pennine Way Britain's oldest and best known long distance footpath tracing its remarkable history through the experiences of walkers past and present. As Andrew McCloy walks the 268 mile route from the Derbyshire Peak District to the Scottish borders he discovers how the Pennine Way set a benchmark for personal challenge and adventure and how reconnecting with wild places and the unhurried rhythm of the long walk continue to provide a much needed antidote to our busy modern age. The resilience of the long distance walker is mirrored in the path's fascinating history the initial struggle for access battles to tame the bogs later challenges of path erosion and the fluctuating circumstances of the rural hostel. Above all else however this is a book about Pennine Way people from crusading ramblers to resourceful B&B landladies hard working rangers to fanatical trail walkers. Their conversations and memories are woven into the narrative to give an account of the changing fortunes of the path and

its special significance Personal thoughtful and often humorous The Pennine Way the Path the People the Journey is an exploration of our desire for challenge and adventure the stimulation of wild places and how a long journey on foot through our own country still resonates today It will appeal to people who have walked or are preparing to walk the Pennine Way as well as to those with an interest in the history and legacy of this iconic path [Pennine Way](#) Damian Hall,2016 To replace its previous two volume guide to the Pennine Way Aurum now publishes an entirely new one volume guide for the 21st century walker The Pennine Way is Britain s toughest long distance path running 268 miles from Derbyshire s Peak District up through the Yorkshire Dales Cumbria and Northumberland into the Scottish Borders Until now Aurum s Trail Guide has covered it in two volumes where our competitors publish one and those volumes have been bulked out with circular day walks which no one essaying the arduous task of walking even a stretch of the Path will realistically want to divert to do Now Damian Hall one of Country Walking s senior contributors has written a completely new guide giving all the information the modern walker requires GPS references gradients of each section public transport links extensive details of the wildlife and flora to be seen along the way and a guide for occasional walkers to the real highlight stretches of the path

[Heart of the Pennine Way](#) ,2015 [Pennine Way](#) Stephen Platt,2020-07-08 The Pennine Way is a tough old walk It s about 270 miles long 435 km was the first National trail in England and is one of the most

famous long distance walks I did it a couple of weeks before I should have during the Covid pandemic of 2020 when the guidelines encouraged outdoor exercise but advised against overnight stays away from home There was no accommodation or catering en route and few shops open I arranged two poste restante food drops at post offices in Alston and Hawes at

approximately one third and two thirds of the way That meant I had to wild camp and carry food for a week Lockdown during the Covid pandemic was a great time to do the Pennine Way No one else was on the walk In fact hardly anyone had done it for months and nature had reclaimed the way and at times the path was almost indistinct The guidelines that everyone

should stay at home meant that the villages and settlements I passed through were deserted It was like a sci fi movie when everyone has disappeared When I got back people asked me what was the best bit The problem is that so much happens in the 17 days of a walk like this so much that is singular and arresting But with the repetition of walking each day over similar

ground it becomes difficult for the mind to encompass and remember Alfred Wainright who devised the walk in 1938 said he

wrote his pictorial companion for himself so he could relive the walk back in the comfort of home In part that's what motivated me But I also needed to make sense of what I'd done to map it out and to fit the parts together as a whole

Walking the Bones of Britain Christopher Somerville, 2023-08-24 Somerville's infectious enthusiasm and wry humour infuse his journey from the Isle of Lewis to southern England revealing our rich geological history with vibrant local and natural history Observer A meticulous exploration of the ground beneath our feet Glorious Katharine Norbury A remarkable achievement Tom Chesshyre His writing is utterly enticing Country Walking The influence Britain's geology has had on our daily lives is profound While we may be unaware of it every aspect of our history has been affected by events that happened ten thousand a million or a thousand million years ago In Walking the Bones of Britain Christopher Somerville takes a journey of a thousand miles beginning in the far north at the three billion year old rocks of the Isle of Lewis formed when the world was still molten and travelling south eastwards to the furthest corner of Essex where new land is being formed Crossing bogs scaling peaks and skirting quarry pits he unearths the stories bound up in the layers of rock beneath our feet and examines how they have influenced everything from how we farm to how we build our houses from the Industrial Revolution to the current climate crisis Told with characteristic humour and insight this gripping exploration of the British landscape and its remarkable history cannot fail to change the way you see the world beyond your door Somerville is a walker's writer Nicholas Crane

Walking Home Simon Armitage, 2012-06-26 In summer 2010 Simon Armitage decided to walk the Pennine Way The challenging 256 mile route is usually approached from south to north from Edale in the Peak District to Kirk Yetholm the other side of the Scottish border He resolved to tackle it the other way round through beautiful and bleak terrain across lonely fells and into the howling wind he would be walking home towards the Yorkshire village where he was born Travelling as a modern troubadour without a penny in his pocket he stopped along the way to give poetry readings in village halls churches pubs and living rooms His audiences varied from the passionate to the indifferent and his readings were accompanied by the clacking of pool balls the drumming of rain and the bleating of sheep WALKING HOME describes this extraordinary yet ordinary journey It's a story about Britain's remote and overlooked interior the wildness of its landscape and the generosity of the locals who sustained him on his journey It's about facing emotional and physical challenges and sometimes overcoming them It's nature writing but with people at its heart Contemplative moving and droll it is a unique narrative from one of our most beloved writers

Thomas Arthur Leonard and the Co-operative Holidays Association Douglas George Hope, 2016-12-14 This book focuses on Thomas Arthur Leonard a Congregational minister in Colne Lancashire in the 1890s and the Co-operative Holidays Association which he founded in 1893 The Co-operative Holidays Association which was renamed the Countrywide Holidays Association in 1964 but was always affectionately known as the CHA operated as an independent provider of outdoor holidays until 2002 Leonard left the CHA in 1913 to establish the Holiday Fellowship an organisation with similar ideals to the CHA which continues to trade as HF Holidays Leonard was also

instrumental in the establishment of the Youth Hostels Association in 1930 and the formation of the Ramblers Association in 1935 of which he was the first President He strongly supported the National Trust founded in 1895 and was a stalwart of the campaign for national parks during the 1930s He was a founder member of the Friends of the Lake District in 1934 and was connected with a number of other outdoor holiday organisations This book details the life and achievements of this extraordinary man who rebelled against the conventionality of the 1880s and 1890s and was appalled by the dull and grim lives of artisans and textile workers in the industrial north of England It also tells the story of the CHA which pioneered walking holidays in the outdoors for working people from its foundation in 1893 to its demise in 2004 The book describes how the CHA faced the challenges of changing social economic and cultural conditions during the twentieth century such as increasing affluence and consumer choice changing cultural attitudes and expectations the popularisation of outdoor recreation and the proliferation of outdoor holiday providers It shows how the CHA drifted away from its original ideals in an attempt to remain viable in the face of increasing consumerism but nevertheless continued to provide holidays for thousands of people based on healthy recreation and quiet enjoyment and the principles of friendship and fellowship

Companion Alfred Wainwright,2012-09-01 The Pennine Way England s first continuous long distance path for walkers stretches for 268 miles from Derbyshire to the Scottish Borders along the length of the Pennines Inaugurated in 1965 it has become one of the most popular long distance footpaths in Britain For those starting in the south it runs from Edale in Derbyshire through the old West and North Ridings of Yorkshire Westmorland Cumberland and Northumberland before reaching its northern terminus at Kirk Yetholm just over the Scottish border Wainwright s handwritten guide to the route with its magnificent detailed maps and occasionally tongue in cheek text was first published in 1968 This new edition has been brilliantly revised and updated by Chris Jesty to meet the goal Wainwright set for the original edition to enable walkers to follow the Pennine Way without putting a foot wrong

Born Into Fire Mick Haines,2010-08-11 The book is an autobiography of my life and covers it all from day one with my unexpected and untimely arrival to my finish now and all that went on between in my days before school my days at school my time in the British Army and the time in the Kent Fire and Rescue Service and the Hereford and Worcester Fire and Rescue Service I have put into the book things that I think people will find amusing and also interesting and informative and lastly of all the things that I think could make people cry The book is not entirely about things that happed to me during my time while in the Fire Service I have also taken part in other events that have gone on outside the working environment and having kept a diary during these events which has enabled me to write an accurate and hopefully amusing account of these times Obviously I have not tried to be amusing or funny when someone has been injured or killed as I think this would not be right or proper I hope you enjoy reading my book as much as I did when writing it
