George Bernard Shaw 1856-1950 won the Nobel Prize in Literature in 1925 and was one of the great literary minds of his day. In addition to being one of its most entertaining personalities, in his youth he became an ardent socialist and wrote five novels which are still very entertaining, although Shaw truly found his creative identity on the stage and lectern. While he was a great dramatist, it is possible to argue that Shaw's prefaces are better than his plays. Certainly they are masterful expositions of his ideas and among the finest essays in English. If there is one defining virtue in Shaw, it is his ability to ask awkward questions. He was not someone who accepted the status quo; instead, he spent the whole of his very long life in search of

something better as wit critic curmudgeon and revolutionary Among his greatest plays are CAESAR AND CLEOPATRA MAN AND SUPERMAN BACK TO METHUSELAH SAINT JOAN MAJORA BARBARA PYGMALION the basis for the musical and film MY FAIR LADY and ANDROCLES AND THE LION He wrote voluminously on social and political issues His THE INTELLIGENT WOMAN S GUIDE TO SOCIALISM 1928 was enormously popular at the time He continued to publish until nearly the end of his life Among his last works are SIXTEEN SELF SKETCHES 1948 BOUYANT BILLIONS 1948 and FAR FETCHED FABLES 1950

the dilemma of Wotan According to Shaw I write this pamphlet for the assistance of those who wish to be introduced to the work on equal terms with that inner circle of adepts The reason is that its dramatic moments lie quite outside the consciousness of people whose joys and sorrows are all domestic and personal and whose religions and political ideas are purely conventional and superstitious To them it is a struggle between half a dozen fairytale personages for a ring involving hours of scolding and cheating and one long scene in a dark gruesome mine with gloomy ugly music and not a glimpse of a handsome young man or pretty woman Only those of wider consciousness can follow it breathlessly seeing in it the whole tragedy of human history and the whole horror of the dilemmas from which the world is shrinking today Shaw interprets the Ring in Marxian terms as an allegory of the collapse of capitalism from its internal contradictions Musicologically his interpretation is noteworthy for its perception of the change in aesthetic direction beginning with the final scene of Siegfried in which he claimed that the cycle turns from Musikdrama back towards opera *The Perfect Wagnerite; A Commentary on the Niblung's Ring* George Bernard Shaw,2016-04-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Perfect Wagnerite - A Commentary on the Niblung's Ring* Bernard Shaw,2008-03
