

We hold these truths to be  
self-evident: that all men are created  
equal, that they are endowed by their  
Creator with certain unalienable  
rights, that among these are life  
liberty and the pursuit of happiness.

## **The Permanent Revolution These Self Evident Truths:**

*The Permanent Revolution* Maurice J. Duttera, 1991-04-01      **Jefferson's Revolutionary Theory and the Reconstruction of Educational Purpose** Kerry T. Burch, 2020-05-27 This book newly interprets the educational implications of Thomas Jefferson's revolutionary thought In an age where American democracy is imperilled and the civic purposes of schooling eviscerated Burch turns to Jefferson to help bring to life the values and principles that must be recovered in order for Americans to transcend the narrow purposes of education prescribed by today's neoliberal paradigm The author argues that critical engagement with the most radical dimensions of Jefferson's educational philosophy can establish a rational basis upon which to re-establish the civic purposes of public education Bracketing the defining features of Jefferson's theory throughout each of the chapters the author illuminates the deficiencies of the dominant educational paradigm and charts a new path forward for its progressive renewal      **Translations on International Communist Developments**, 1964      **Gramsci and Trotsky in the Shadow of Stalinism** Emanuele Saccarelli, 2008-02-28 This book examines the legacy of Antonio Gramsci and Leon Trotsky in the shadow of Stalinism in order to reassess the very different and distorted academic reception of the two figures as well as to contribute to the revitalization of Marxism for our time While Gramsci and Trotsky lived and died in a similar fashion as revolutionary Marxist leaders and theoreticians their reception in academia could not be more different Gramsci has become tremendously popular becoming a central figure in many disciplines while Trotsky remains largely ignored Saccarelli argues that not only is Gramsci popular for the wrong reasons being routinely distorted and depoliticized even when rescued from his contemporary users Gramsci remains inadequate Conversely the fact that Trotsky remains beyond the pale of theory is a terrible indictment of the current state of academic thinking      **America's Revolutionary Mind** C. Bradley Thompson, 2019-11-05 America's Revolutionary Mind is the first major reinterpretation of the American Revolution since the publication of Bernard Bailyn's *The Ideological Origins of the American Revolution* and Gordon S Wood's *The Creation of the American Republic* The purpose of this book is twofold first to elucidate the logic principles and significance of the Declaration of Independence as the embodiment of the American mind and second to shed light on what John Adams once called the real American Revolution that is the moral revolution that occurred in the minds of the people in the fifteen years before 1776 The Declaration is used here as an ideological road map by which to chart the intellectual and moral terrain traveled by American Revolutionaries as they searched for new moral principles to deal with the changed political circumstances of the 1760s and early 1770s This volume identifies and analyzes the modes of reasoning the patterns of thought and the new moral and political principles that served American Revolutionaries first in their intellectual battle with Great Britain before 1776 and then in their attempt to create new Revolutionary societies after 1776 The book reconstructs what amounts to a near unified system of thought what Thomas Jefferson called an American mind or what I call America's Revolutionary mind This American mind was I argue united in its

fealty to a common philosophy that was expressed in the Declaration and launched with the words We hold these truths to be self evident     *The Constitutional Convention* John Alexander Jameson,1867     *A Treatise on Constitutional Conventions* John Alexander Jameson,1887     **The Republic** ,1876     *The Congressional Globe* United States.
