may have occurred during the original translation process we are certain that we will have missed one or two and we request
your indulgence in ignoring them VelocePress com has been publishing reprints of motorcycle and automobile manuals since
2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality
product We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the
reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea
what they are selling Many are nothing more than poor quality comb bound or ring bound photocopies that are scanned and
printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even
refurbished In addition they are often advertised for the incorrect series and or model years With more than 250 titles in
print VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA Please
