Supernatural In Fiction:

The Supernatural in Fiction Leo P. Kelley, 1973 **SUPERNATURAL IN MODERN ENGLISH FICTION** DOROTHY. SCARBOROUGH, 2019 The Supernatural in Modern English Fiction Dorothy Scarborough, 2014-11-04

The subject of the supernatural in modern English fiction has been found difficult to deal with because of its wealth of material. While there has been no previous book on the topic and none related to it save Mr C E Whitmore's work on *The Supernatural in Tragedy*, the mass of fiction itself introducing ghostly or psychic motifs is simply enormous. It is manifestly impossible to discuss or even to mention all of it. Even in my bibliography which numbers over three thousand titles I have made no effort to list all the available examples of the type. The bibliography which I at first intended to publish in connection with this volume is far too voluminous to be included here so will probably be brought out later by itself. It would have been impossible for me to prosecute the research work or to write the book save for the assistance generously given by many persons. I am indebted to the various officials of the libraries of Columbia University and of New York City particularly to Miss Isadore Mudge, Reference Librarian of Columbia and to the authorities of the New York Society Library for permission to use their priceless out of print novels in the Kennedy Collection. My interest in English fiction was increased during my attendance on some courses in the history of the English novel given by Dr A J Carlyle in Oxford University, England several years ago. I have received helpful bibliographical suggestions from Professor Blanche Colton Williams, Dr Dorothy Brewster, Professor Nelson Glenn McCrea, Professor John Cunliffe and Dean Talcott Williams of Columbia and Professor G L Kittredge of Harvard. Professors William P Trent, George Philip Krapp and Ernest Hunter Wright very kindly read the book in manuscript and gave valuable advice concerning it. Professor Wright going over the material with me in detail. But my chief debt of gratitude is to Professor Ashley H Thorndike, Head of the Department of English and Comparative Literature in Columbia, whose stimulating criticism and kindly encouragement have made the book possible. To all of these and others who have aided me I am deeply grateful and I only wish that the published volume were more worthy of their assistance.

Supernatural Horror in Literature H P Lovecraft,2020-06-09 The oldest and strongest emotion of mankind is fear and the oldest and strongest kind of fear is fear of the unknown These facts few psychologists will dispute and their admitted truth must establish for all time the genuineness and dignity of the weirdly horrible tale as a literary form Against it are discharged all the shafts of materialistic sophistication which clings to frequently felt emotions and external events and of a naively insipid idealism which deprecates the aesthetic motive and calls for a didactic literature to uplift the reader toward a suitable degree of smirking optimism But in spite of all this opposition the weird tale has survived developed and attained remarkable heights of perfection founded as it is on a profound and elementary principle whose appeal if not always universal must necessarily be poignant and permanent to minds of the requisite sensitiveness

The Supernatural in Romantic Fiction Edward Yardley, 2015-06-02 Excerpt from *The Supernatural in Romantic Fiction* I have for several reasons abstained from mentioning the productions of living poets and poetical writers but have otherwise attempted to make my work as complete as it was in my power to make it I have used the word romantic in opposition to classical and possibly have made the word unduly comprehensive by treating of all supernatural fiction except that of ancient Greece and Rome and even that I have occasionally noticed for the sake of comparison About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Horror in Literature Howard Phillips Lovecraft, 2016-10-06 Great modern American supernaturalist brilliantly surveys history of genre to 1930s summarizing evaluating scores of books including works by Poe Bierce M R James Monk Lewis many others Praised by critics as diverse as Edmund Wilson and Vincent Starrett Howard Phillips Lovecraft was an American author of fantasy horror and science fiction He is notable for blending elements of science fiction and horror and for popularizing cosmic horror the notion that some concepts entities or experiences are barely comprehensible to human minds and those who delve into such risk their sanity Lovecraft has become a cult figure in the horror genre and is noted as creator of the Cthulhu Mythos a series of loosely interconnected fictions featuring a pantheon of nonhuman creatures as well as the famed Necronomicon a grimoire of magical rites and forbidden lore His works typically had a tone of cosmic pessimism regarding mankind as insignificant and powerless in the universe Lovecraft s readership was limited during his life and his works particularly early in his career have been criticized as occasionally ponderous and for their uneven quality Nevertheless Lovecraft s reputation has grown tremendously over the decades and he is now commonly regarded as one of the most important horror writers of the 20th Century exerting an influence that is widespread though often indirect Source Wikipedia [Library of Congress Subject Headings](#) Library of Congress, 2013 **Reassessing John Buchan** Kate

Macdonald, 2015-09-30 A collection of edited essays on the novelist John Buchan 1875 1940 author of among many other works *The Thirty Nine Steps* 1915 *Witch Wood* 1927 and *Sick Heart River* 1940 It considers Buchan s writing and reputation from the perspective of the twenty first century and examines Buchan s major fiction and non fictional writing

Supernatural Fiction in Early Modern Drama and Culture Ryan Curtis Friesen, 2019 Beliefs and claims concerning impossible phenomena and superhuman agency require literary historians to determine whether an occult system of magical operation is being described in a given text Each chapter in this volume evaluates whether a chosen early modern author is endorsing magic as efficacious or divinely sanctioned or criticizing it for being fraudulent or unholy By examining works of fiction it is possible to explore fantastic settings which were not intended to be synonymous with the early modern audience s everyday experience settings where magic exists and operates according to the playwrights designs The book also

determines what historical sources provided given authors with knowledge of the occult and it speculates on how aware an audience would have been of academic classical or popular contexts surrounding the text at hand It brings together authors of fiction with philosophers and academics in Early Modern England and compares their ways of describing and understanding the world It also explores popular culture as well as the culture of the learned and elite The book examines the intellectual consequences of the Reformation and compares the spiritual and doctrinal practices of the occult to those of orthodoxy *Supernatural Horror in Literature* Lovecraft Howard Phillips,2016-09-30 Fear is one of the oldest and most powerful emotions of humanity and the kind of older and powerful fear is the fear of the unknown Very few psychologists deny it and the mere fact admit that reality does not stop giving nature letter to supernatural tales as one of the genuine and worthy forms of literary narratives Against it all the arrows of a materialistic sophistries so often cling to the impressions experienced and events externalized understanding this term in its psychological aspect soar and as naive idealism as tasteless that opposes unsightly motivations advocating a purely didactic able to enlighten the reader and elevated to an appropriate level of optimism affected literature *Supernatural Literature* Thomas Riggs,2017-05
