dictionary of Northern colloquial Chinese The vocabulary was accordingly discarded and its place has been taken by an Anglo Chinese Colloquial Dictionary containing over twenty thousand separate expressions This will enable students to find Chinese equivalents for a number of expressions which they would otherwise have great difficulty in rendering at any rate for many years    A Short History of China Demetrius Charles Boulger,1893    *History of China* Demetrius Charles Boulger,1884

**The Chinese Language** Sir Walter Hillier,1910    Original Sanskrit Texts on the Origin and History of the People of India: The Vedas: opinions of their authors and of later Indian writers on their origin, inspiration, and authority. 2d ed., rev. and enl. (2d impression) 1873 John Muir,1873    Buddha and Early Buddhism Arthur Lillie,1881    A History of China from the Earliest Days Down to the Present John Macgowan,1897 The present volume professes to give the history of China in a form that is new to the English reader It is not a compilation gathered from all kinds of sources but a reproduction from the original of the Standard History of China That work and the writings of Confucius and Mencius are the only authentic sources from whence the story of the Empire can possibly be obtained Many writers during the long ages of the past have written the history of their times but they are unreliable and valuable only in so far as they agree with the accounts contained in the above standard work Preface
