The Paragon Of A Scapegoat:

Unholy Catholic Ireland Hugh Turpin, 2022-09-13 There are few instances of a contemporary Western European society more firmly welded to religion than Ireland is to Catholicism For much of the twentieth century to be considered a good Irish citizen was to be seen as a good and observant Catholic Today the opposite may increasingly be the case The Irish Catholic Church once a spiritual institution beyond question is not only losing influence and relevance in the eyes of many it has become something utterly desacralized In this book Hugh Turpin offers an innovative and in depth account of the nature and emergence of ex Catholicism a new model of the good and secular Irish person that is being rapidly adopted in Irish society Using rich quantitative and qualitative research methods Turpin explains the emergence and character of religious rejection in the Republic He examines how numerous factors including economic growth social liberalization attenuated domestic religious socialization the institutional scandals and moral collapse of the Church and the Church s lingering influence in social institutions and laws have interacted to produce a rapid growth in ex Catholicism By tracing the frictions within and between practicing Catholics cultural Catholics and ex Catholics in a period of profound cultural change and moral reckoning Turpin shows how deeply the meanings of being religious or non religious have changed in the country once described as Holy Catholic Ireland

War Brats Daniel G. Buff, 2023-09-27 Raised in the collective dystopian empire known as Paragonia Jade rises through the ranks to become the premier spy and assassin who trains others to blindly serve their leader s whims without question Paragonia is a world empire that thrives on strength and total control There is no tolerance for independent thought or even the desire for basic human dignity through religion philosophy and close family ties All are outlawed and those who show this weakness are exploited in highly elaborate public executions But Jade has a secret She knows Paragonia s dictator Owen Fireside is responsible for her parents murder And it is this secret that inoculates her from Paragonia s propaganda and mind control methods As Jade plans to murder Fireside in retribution she isn t aware there are others who also know about her secret Leaders of the Hostile resistance have been watching her for many years hoping to turn her and use her as a spy against Paragonia Their plans include not only overthrowing Fireside s regime but also destroying the Paragon elites a highly organized network of families who keep humanity in a machine like existence for their own purposes But those of the Paragon trust no one not even their premier spy and assassin Will Jade be caught in their web of deception to be used as a weapon of evil instead of a weapon for good This thought provoking thriller will keep you engrossed as the deceptive strategies of evil doers try to erase anything that gets in their way

Wounded Knights Alfred Thomas, 2025-11-07 This broad ranging book draws on Freudian and post Freudian theory to offer a new and original perspective on courtly love from its origins in eleventh century Occitania to its transformation into conflicting chivalric and courtly discourses in the later Middle Ages Comparative and transnational in scope it explores the role of masculinity and violence in the romance love lyric and saints lives written in French English German and Czech between 1200 and 1400

Whereas conventional studies of medieval courtly love have emphasized the positive and idealistic relationship between the knight and the lady this book highlights the dark side of medieval masculinity and how displaced male violence toward women and male masochism in these texts are transfigured into more explicit violence in modern horror films **Invisible Loyalties** Ivan Boszormenyi-Nagy, 2014-07-22 First published in 1984 This book was written in order to share the authors experience as family therapists not only with professionals but with families We live in an age of anxiety fear of violence and questioning of fundamental values Confidence in traditional values is being challenged Waves of prejudice seem to endanger our trust in one another and our loyalty to society The strength of family relations or their effect on individuals is extremely difficult to measure The authors of this book believe that observable changes in the family do not necessarily alter the member to member impact of family relationships Invisible loyalty commitments to one s family follow paradoxical laws The martyr who doesn t let other family members work off their guilt is a far more powerfully controlling force than the loud demanding bully The manifestly rebellious or delinquent child may actually be the most loyal member of a family **The Forgotten Compass** Werner H. Kelber, Bruce D. Chilton, 2022-09-21 As form criticism arose the French anthropologist Marcel Jousse developed a hermeneutical paradigm global in scope and prescient in its vision but opposed to the philological paradigm of biblical studies While the philological methodology came to define modernity s biblical hermeneutics Jousse s rhythmically energized paradigm was marginalized and largely forgotten Although Jousse has left relatively few traces in writing many of his more than one thousand lectures delivered at four different academic institutions in Paris between 1931 and 1957 have been edited and translated into English by Edgard Sienaert The Forgotten Compass surveys Jousse s views on biblical tradition and scholarship documenting the relevance of his paradigm for current biblical studies What distinguishes Jousse s paradigm is that it is firmly established within the orbit of ancient communications and deeply rooted in Jewish tradition The Forgotten Compass challenges readers to come to appreciate the print Bible s lack of fluency in the very sensibilities privileged by Jousse s paradigm and to raise consciousness about the multivocal multisensory culture in which the biblical traditions emerged and from which they drew their initial nourishment *Family Nursing* Marilyn M. Friedman, 1998 The fourth edition of this text addresses the full practice of family nursing identifying the family as a whole and teaches a holistic philosophical approach The reader is guided through generalized concepts and theoretical foundation reality based applications case studies discussions assessment and nursing diagnoses The book includes foundations in family theory and family nursing essential in preparing a family nursing assessment and planning appropriate interventions Expressions of Religion Eugenia Roussou, Clara Saraiva, 2019 This volume brings together experts in ethnology anthropology folklore sociology and history of art in order to discuss the varieties of religious expression through ritual performance empirical ethnographic analysis and sensory modes of perception The primary goal of the book is to re-centralize the importance of expressing religion through performance art and the senses and to approach performative

action as religion in a variety of sociocultural historical political and spiritual contexts The authors in this volume examine in distinct yet convergent ways how religion is creatively expressed ritually performed and sensorially experienced at present and or in the past The significance of this book lies exactly on the richness and diversity of expressions of religion that are presented here and on the multi disciplinary dialogue that is generated among diverse theoretical analytical and methodological approaches

The Nation and Athenæum ,1910 **The Making of Orcadia** Berthold Schoene-Harwood,Berthold Schoene,1995 The gradual establishment of George Mackay Brown as Orkney s literary spokesman over the last four decades has instigated a revival of the Orcadian tradition in literature In light of Paul Ricoeur s concept of narrative identity this study explores the correlations between Brown s work and the construction and maintenance of a distinct Orkney identity It posits that communal identity derives from dynamic narrative processes merging fact and fiction into a story that is generally accepted as authentic in spite of its essentially mythic nature

Brotherhood Magazine ,1876 **Invisible Loyalties: Reciprocity in Intergenerational Family Therapy** Ivan Boszormenyi-Nagy,Geraldine M. Spark,1973 **How to Pass [the] Medical College Admission Test** College Publishing Corporation, Brooklyn,1966 **My Dearest Daughter--I Want You to Know** Ginny Hallock,1982-06 **The Queer Bible Commentary** Deryn Guest,2006 A uniquely comprehensive volume of queer theology that covers every book of both testaments It introduces students to a range of hermeneutical principles and strategies employed in queer interpretations of biblical texts
