of stories and essays about the paths we take to discover and claim our wholeness The title comes from the author s term for the moments of unexpected joy or unlikely solutions she noticed along the way and sometimes captured in her personal journals Within the complexity and singularity of each unique path are common themes the demand for self awareness experiences of failure loss and redemption and the healing forces of love and grace Within these themes lie the stories of our lives Although each of our stories is ours alone we travel together and learn together and every human story is a reflection of the broader human story We are reminded that wholeness is both our birthright and our charge to live fully joyfully and honestly with love and grace our loyal companions *The Path* ,1888 *The Book of Emmanuel* EMANUELE.

FORTUNATI,2022-12-05 *The Book of Emmanuel Path to Wholeness and Beyond* is a spiritual path to Wholeness which is a state of being where a person is no longer in need of any form of validation and doesn t need any more healing and instead they are finally free to discover and unveil themselves day by day in both a spiritual and material way *The Path* the book presents to reach the state of Wholeness is a journey about letting go LET GO OF ANY EXTERNAL REFERENCES The journey starts by letting go of all the external voices including the voice of the mind which eventually is just a radio which transmits the voice of our parents friends and society Too many times we confuse that voice with our own voice but in reality our own voice is the voice of the Soul which speaks to us through our intuition and imagination To be able to re tune to our own radio frequency we need Silence a state of the mind in which we are free of conditioning and are so able to listen to our

own voice The first step toward our Wholeness is to stop and listen LET GO OF THE SENSE OF UNWORTHINESS Then as we finally connect to our own voice we start to realise that we are much more than what we thought We aren't just a body and a mind we are pure Beauty and Greatness We are infinite beings capable of anything and most of all we are capable of bringing into the world the beauty and greatness that we all have within ourselves By paying attention to our true voice and by seeing our beauty reflected into the world around us we can finally let go of our sense of unworthiness and reach a state where we know our greatness and are no more tight to anything and anyone else We are now truly self directed LET GO OF ALL THE CHAINS Still knowing our greatness is one thing letting go of all the layers that hold it back is another We need to take courage and start to let go of anything that doesn't allow us to shine We abandon our shelter and comforts and start a journey of progressively letting go of fears and chains to be finally able to show up in the world in our full light beauty and power LET GO OF THE NEED TO CONTROL We are now completely naked and so completely free We know who we truly are and we know our direction And we also have the courage to keep going into the unknown as a way to discover and manifest more and more of ourselves A sense of faith in Life starts to arise in us which allows us to let go of the need to control so we can finally be free to enjoy this incredible journey that life is Free full of joy and in tune with the flow of Life a human being which reaches this state feels that living is like a spiral of ascending energy This is the ultimate state of being a state where we are finally Whole we are complete with ourselves and we no longer need to feed our insecurities nor we need more healing Reaching wholeness is like being born anew Now we can finally start experiencing the world with wonder the same way a child does At this point Life truly is a magical and rich experience And this is just the beginning
