history that sparks animated debate across the league and the answer is more complex and more fraught than anyone really understands Brady vs Belichick Who deserves the credit for nine Super Bowl appearances and six Super Bowl championships Veteran NFL insider and New York Times bestselling author Gary Myers draws on his unique and unparalleled access to Belichick and Brady over the course of the two decades but also to the myriad players coaches personnel and family to get to the bottom of this argument and resolve it once and for all He drills into the numbers analyzes the psychology and sociology of this partnership and use the powerful wand of perspective and context to illuminate the greatest duo that has ever graced the game

year witnessed a savage battle and the hurried execution of the worst of the eastern European dictators Nicolae Ceausescu In The Patriots Revolution Mark Frankland who reported on these dramatic events for the London Observer describes how the once powerful communist system crumbled with little or no resistance in the face of demonstrators armed only with candles and slogans of protest Drawing on more than thirty years experience in Eastern Europe Mr Frankland re creates what communism meant for Eastern Europeans and thus reveals the reasons for its breathtakingly rapid disappearance Evoking the mood and preoccupations of these countries in the year of revolution his colorful book allows the reader to relive one of the most extraordinary episodes in the history of the 20th century and provides the background for a better understanding of the new Eastern Europe
