Interests And Rights The Case Against Animals Clarendon Library Of Logic And Philosophy:

Interests and Rights Raymond Gillespie Frey, 1980 This book states the opposing case in present controversies about the nature and existence of moral rights and the moral status of animals and it reaches conclusions which run strongly against contemporary opinion **Normativity, Meaning and Philosophy: Essays on Wittgenstein** Hans-Johann

Glock, 2024-04-09 This is a collection of essays on Wittgenstein and Wittgensteinian themes that appeared between 1996 and 2019 It is divided into three parts with a common trajectory laid out in a substantial introduction The first part links meaning necessity and normativity It defends and modifies Wittgenstein's claim that the idea of a grammatical rule holds the key to understanding linguistic meaning and its connection to necessary truth The second part elucidates the connections between meaning concepts and thought in Wittgenstein and beyond It shows how he laid the grounds for a sound understanding of four contested issues radical interpretation concepts nonsense and animal minds The third part provides a qualified defence of Wittgenstein's controversial idea that philosophical problems are conceptual and thereby rooted in confusions concerning the meanings of and semantic relations between linguistic expressions Against irrationalist interpretations it demonstrates that Wittgenstein's method is argumentative rather than therapeutic The collection as a whole makes a powerful case for an analytic perspective on Wittgenstein The essays bring out the abiding relevance of Wittgenstein's reflections to contemporary debates on central topics such as the role of normativity the foundations of linguistic meaning the nature of concepts the possibility of animal thought and the proper methods of philosophy *Ethics in Practice* Hugh LaFollette, 2020-04-28 The bestselling and field defining textbook which has introduced generations of students to the field of practical ethics now in a new fully revised fifth edition For more than twenty years *Ethics in Practice* has paved the way for students to confront the difficult ethical questions they will must or do already face Accessible to introductory students yet sufficiently rigorous for those pursuing advanced study this celebrated collection encourages and guides readers to explore ethical dimensions of important controversial topics such as euthanasia environmental action economic injustice discrimination incarceration abortion and torture In combining new and revised modern texts with works of classic scholarship *Ethics in Practice* equips readers to consider wide ranging ideas in practical ethics and to understand the historical basis for contemporary developments in ethical theory Revisions and updates to the new edition of *Ethics in Practice* focus on covering pressing global issues and adding depth to key sections Many sections have been expanded to offer more thorough coverage of topics in ethical theory Edited by Hugh LaFollette highly regarded for his contributions in the field of practical ethics this important volume Explores the connections between ethical theory and divisive contemporary debates Includes general and section introductions which map the conceptual terrain making it easy for students to understand and discuss the theoretical and practical dimensions of the issues Offers up to date incisive discussion global local and personal ethical issues Provides original essays new perspectives and revisions of key critical texts Enables instructors to discuss specific practical issues

broader groupings of topics and common themes that connect major areas in ethics Already a market leading text for introductory and applied ethics courses the latest edition of *Ethics in Practice* An Anthology continues to be an essential resource for instructors and students in philosophy departments around the world **The Animal Mind** Kristin Andrews, 2014-10-30 The study of animal cognition raises profound questions about the minds of animals and philosophy of mind itself Aristotle argued that humans are the only animal to laugh but in recent experiments rats have also been shown to laugh In other experiments dogs have been shown to respond appropriately to over two hundred words in human language In this introduction to the philosophy of animal minds Kristin Andrews introduces and assesses the essential topics problems and debates as they cut across animal cognition and philosophy of mind She addresses the following key topics what is cognition and what is it to have a mind What questions should we ask to determine whether behaviour has a cognitive basis the science of animal minds explained ethology behaviourist psychology and cognitive ethology rationality in animals animal consciousness what does research into pain and the emotions reveal What can empirical evidence about animal behaviour tell us about philosophical theories of consciousness does animal cognition involve belief and concepts do animals have a Language of Thought animal communication other minds do animals attribute mindedness to other creatures moral reasoning and ethical behaviour in animals animal cognition and memory Extensive use of empirical examples and case studies is made throughout the book These include Cheney and Seyfarth's vervet monkey research Thorndike's cat puzzle boxes Jensen's research into humans and chimpanzees and the ultimatum game Pankseep and Burgdorf's research on rat laughter and Clayton and Emery's research on memory in scrub jays Additional features such as chapter summaries annotated further reading and a glossary make this an indispensable introduction to those teaching philosophy of mind animal cognition It will also be an excellent resource for those in fields such as ethology biology and psychology
