The Non-Christian Cross. An Inquiry Into the Origin and History of the Symbol Eventually Adopted as that of Our Religion John Denham Parsons,1896 **The Non-Christian Cross** John Denham Parsons,2013-11-01

The Non Christian Cross An Enquiry into the Origin and History of the Symbol Eventually Adopted as that of Our Religion By John Denham Parsons In the thousand and one works supplied for our information upon matters connected with the history of our race we are told that Alexander the Great Titus and various Greek Roman and Oriental rulers of ancient days crucified this or that person or that they crucified so many at once or during their reign And the instrument of execution is called a cross The natural result is that we imagine that all the people said to have been crucified were executed by being nailed or otherwise affixed to a cross shaped instrument set in the ground like that to be seen in our fanciful illustrations of the execution of Jesus This was however by no means necessarily the case For instance the death spoken of death by the stauros included transfixion by a pointed stauros or stake as well as affixion to an unpointed stauros or stake and the latter punishment was not always that referred to It is also probable that in most of the many cases where we have no clue as to which kind of stauros was used the cause of the condemned one s death was transfixion by a pointed stauros *The Non-Christian Cross*

John Denham Parson,2015-07-19 Excerpt from The Non Christian Cross An Enquiry Into the Origin and History of the Symbol Eventually Adopted as That of Our Religion The history of the symbol of the cross has had an attraction for the author ever since as an enquiring youth he found himself unable to obtain satisfactory answers to four questions concerning the same which presented themselves to his mind The first of those questions was why John the Baptist who was beheaded before Jesus was executed and so far as we are told never had anything to do with a cross is represented in our religious pictures as holding a cross The second question was whether this curious but perhaps in itself easily explained practice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Non-Christian Cross* John Denham Parsons,2010-01 *The Non-Christian Cross* John Denham
