The Next Horizon:

The Next Horizon Chris Bonington, 2016-06-10 The Next Horizon the second volume in Chris Bonington's autobiography after *I Chose to Climb* picks up his story from 1962 and relates his subsequent adventures as a mountaineer, photographer, journalist and expedition leader alongside eminent climbers including Doug Scott and Don Whillans throughout an extraordinary decade of adversity, thrill and discovery. The book opens with a journey to Chile to climb the Central Tower of Paine. Bonington then recounts his ascents across the globe from the Old Man of Hoy in Scotland to the Eiger in Switzerland to Sangay in Ecuador to name but a few. He concludes in the summer of 1972 with preparations for his ambitious autumn Everest expedition. This revealing narrative of Chris Bonington's experiences provides an insight into the charismatic generation of climbing personalities with whom he travelled as well as his development into the celebrity we know today.

The Future Horizon for a Prophetic Tradition David L. Everett, 2017-03-20 In this book David Everett examines how Church has changed throughout a modern postmodern context. Everett explores how social gospel dimensions and prophetic radicalism have diminished in a way that it might reestablish itself as a pillar in the community through a retrieval of its prophetic voice and social gospel roots so that it might be missional minded and civically engage. Everett anticipates that this perspective will assist the Black Church in the reclamation of its heritage by confirming its purpose and affirming its position within the missional context that God has placed it.
