## **The Chinese Soviets:**

**The Chinese Soviets** Viktor Aleksandrovich Ākhontov, 1972 The Chinese Soviets originally published in 1937 is a comprehensive view of the fast growing area in China which was coming under the influence of the Chinese Soviets a book whose timeliness cannot be overestimated The author in 1934 having just returned from an extended trip to China received first hand information of one of the most important developments facing the political and economic world today Books about Soviet Russia have been countless but no writer with perhaps the exception of Agnes Smedley had dealt with Soviet China Yet the fact remains that there is a large area of Central China which is directly under the control of the Communist Party of China there is a Chinese Red Army which despite its lack of equipment has been amazingly successful against the armies of Chiang Kai Shek and a worker s government has been set up and is spreading rapidly Soviet Policy and the Chinese Communists, 1931-1946 Charles B. McLane, 1958 *The Soviet Union and Communist China, 1945-1950* Dieter Heinzig, 2004 Covers the relationship between Moscow and Peking in the 20th century It focuses on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the Moscow Chinese Communist Party treaty in 1950 China Learns from the Soviet Union, 1949-Present Hua-Yu Li, 2010-01-05 It is well known that the Soviet Union strongly influenced China in the early 1950s since China committed itself both to the Sino Soviet alliance and to the Soviet model of building socialism What is less well known is that Chinese proved receptive not only to the Soviet economic model but also to the emulation of the Soviet Union in realms such as those of ideology education science and culture In this book an international group of scholars examines China s acceptance and ultimate rejection of Soviet models and practices in economic cultural social and other realms The chapters vividly illustrate the wide ranging and multi dimensional nature of Soviet influence which to this day continues to manifest itself in one critical aspect namely in China s rejection of liberal political reform *China and Soviet Russia* Henry Wei, 1956 The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance Dieter Heinzig, 2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China s relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite

disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions China and the Soviet Union 1949-84 Peter Jones,Siân Kevill,Alan John Day,1985 Chinese-Soviet Relations, 1937-1945 John W. Garver,1988-09-08 During the Sino Japanese war of 1937 1945 the Chinese people suffered great degradation at the hands of the Japanese The spectacle of China s debasement as well as the very real prospect of the restoration of alien rule incensed nationalist passions throughout China As the military economic and political crises deepened three different Chinese regimes emerged the Chinese Communist Party CCP Chinese Nationalist Party or Kuomintang KMT and the pro Japanese government headed by Wang Jingwei all competing for nationalist legitimacy Through an exhaustive and meticulous examination of available resources John Garver here illuminates the complicated relationship between these different variants in Chinese nationalism and the Soviet Union during this period In doing so Garver elucidates the diplomacy of Chiang Kai shek and the Chinese Nationalists the inner history of Chinese Communist relations with the Soviet Union and the intersection of these two themes within the larger context of international relations in East Asia and the world **Soviet Russia, the Chinese Communists and the Kuomintang** Dick Chong Woo,1939 A Sino-Soviet Cultural Frontier George Moseley,1966-07-01 The study assesses the impact of Chinese Communist rule on one of China s national minority peoples the Kazakhs living in the Ili Kazakh Autonomous Prefecture northwest of Mongolia The author illuminates Sino Soviet relations as well as the national minority policy of the Chinese Communist Party for by the winter of 1963 1964 when the basic research for the present monograph was undertaken events in the Kazakh area of Sinkiang had made it an issue in the relations between the two states **China Learns from the Soviet Union, 1949-Present** Hua-Yu Li,2010-01-05 It is well known that the Soviet Union strongly influenced China in the early 1950s since China committed itself both to the Sino Soviet alliance and to the Soviet model of building socialism What is less well known is that Chinese proved receptive not only to the Soviet economic model but also to the emulation of the Soviet Union in realms such as those of ideology education science and culture In this book an international group of scholars examines China s acceptance and ultimate rejection of Soviet models and practices in economic cultural social and other realms The chapters vividly illustrate the wide ranging and multi dimensional nature of Soviet influence which to this day continues to manifest itself in one critical aspect namely in China s rejection of liberal political reform *China and the Soviet Union* Aitchen K. Wu,2022-12-28 China and the Soviet Union first published in 1950 is written by a Chinese former diplomat and university professor and calls on his many years of experience to provide an even handed analysis of Sino Russian relations It ranges back to 1618 for some much needed historical background but the major part of Wu s examination of the diplomatic relations between the two countries deals with the Soviet Union since 1918 **Chinese-Soviet Relations, 1937-1945** John W. Garver,1988 Traces the complex history of Sino Soviet relations during the critical anti Japanese period shedding new light on the diplomacy of Chiang Kai shek and the Nationalists and the inner

history of Chinese Communist relations with the USSR      *The Constitutional and Legal Development of the Chinese Presidency* Zhang Runhua, 2014-11-05 This book investigates the legal and political evolution of Chinese presidency from the period of its forerunner in the 1930s its establishment in 1954 to its abolition in 1975 and its restoration in 1982 and discovers that the presidency has evolved from a traditional Chinese title into a political position and then a state institution that has the constitutional appearance of a Western style semi presidency However politically it has functioned in a Stalinist party state with Chinese characteristics whose candidates have been produced according to the CCP's step by step succession rules designated by the party leaders Real political decision making power has not only been limited by these succession rules but also by the president's role and status within the CCP's collective supreme body The author weaves the themes of Chinese politics and law together and explores not only the political implications of those constitutional provisions and amendments regarding this office but also the constitutional significance of the CCP's major political practices such as Mao Zedong's power of last say his idea of two fronts his controversial abolition of the chairmanship Deng Xiaoping's idea of the nucleus of leadership and diplomacy of the head of state by Chinese presidents thus illuminating how law has been made in those unpredictable political environments and how politics has been defined by law The author concludes that the office of president is the key to understanding how power in China derives first from the CCP second from the military and third from the government loosely prescribed by laws Even more important the millennia old Confucian concept of the charismatic leader is alive and well While all eyes are on the new incumbent his predecessors have loomed large and continue to exert significant influence on him Underlining decades of constitutional evolution and shifting political dynamics have been the changing foreign influences and local demands on China With so many variables at play the office of the president will certainly continue to evolve      *The American Review on the Soviet Union*, 1946      **The Chinese Soviets** Victor A. Yakhontoff, 1972      *Living with the Communists: China 1953-5, Soviet Union 1962-5* Humphrey Trevelyan (Baron Trevelyan), 1971      *Soviet Russia in China* Kai-shek Chiang, 1965      *The Chinese Nation*, 1930      **UNITED STATES-SOVIET UNION-CHINA: THE GREAT POWER TRIANGLE.
