retired author Michael Weston was the founding CEO of a highly successful business. From a humble start with just four employees and no measurable income, the business grew to over 650 employees and more than 230 million in revenue. Along the way, the company became one of the fastest growing and most widely recognized and awarded organisations in its industry. Over the years, he has discovered, refined, and simplified the practices that separate those who create successful lives from those who don't. By following a few simple principles, Michael has been able to create the life of his dreams. Now his guide puts to work his three decades of professional and personal successes and failures to help teach you how to realize your goals. You can seize control of your life and live the life you deserve to live. Michael's simple, no-nonsense system helps you create the life you desire.

Whole Wendy Brumback, 2012-04 The heart is meant to be whole and holy, not filled with holes. When we accept what happened to us, we are changing the future, not letting something change it for us. We are opening ourselves up to a future where our heart is whole and our life is filled with God's love and grace. We are on a path that leads us to a fulfilling life. When we let God heal our wounds, we are living the life we have always dreamed of. Whole is meant to help you on your path of self-discovery and healing. Too often, our hearts have been beaten up by the tragedies of life. But God does not desire for our hearts to be bruised and wounded by these events. He wants to help heal our scarred hearts and make them whole again.

Greedy Business Leonard Amattey, 2015-12-04 The book GREEDY BUSINESS is a satire directed at human behaviour, particularly in regards to human priorities to choose between acts of humanitarianism and greed. The author notes that politics, indeed, is part and parcel of life, but nowhere is it so vividly portrayed than in education and at the workplace to satisfy human obsession with greed. Then he admitted, "I cannot deny my role in that, but that cannot justify it." As individuals, we allow Greed to Triumph. Morality, without humanitarian consideration for others, in our efforts to improve quality of our life, and that is inexcusable. This book is therefore about that aspect of human thinking that can justify individuals doing things to others that they would not like others to do to them. I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to us, because if done to us, they would likely destroy our quality of life. Yet somehow, some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims. Well, I did take a step backward, and my observations suggest that human obsession with Greed confirms why we do the things to others that we would not like to be done to us. Our tendency to want more and more at the expense of others, without humanitarian consideration for the quality of life of others, has blinded our moral responsibility to be fair. The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them.

The Lost Revelation Ira Messenger, 2007-12 Providing us with the only known revelation of the Gospel according to substitution, a new and exciting

interpretation of biblical truth Ira Messenger is probably the most controversial theologian of our day Author of the books *The Wrong Turn* *The Fourth Dimension* and *The Indictment* Messenger is also a radio and television talk show host *The Lost Revelation* offers answers to questions that his listening audience has submitted What makes Messenger so controversial is his attack on the mantra of present day Christianity Messenger brings a different perspective to biblical interpretation one in which God takes the initiative in His relationship with humankind rather than simply observing and judging its actions Do yourself a favor and add the revelation of the Gospel of Substitution to your religious perspective You may find yourself questioning much of what you believed to be true about Christianity You Belong Here Kim Dabbs,2024-03-05 In a world overcrowded with labels don t allow your identity to be defined by other people Learn how to take back your power choose to feed the aspects of your identity that serve you and let go of those that don t Everyone feels like an outsider at some point in their life when we walk into a room and think to ourselves I don t belong here To avoid these feelings of exclusion many of us hide our authentic selves and allow others to define our identity *You Belong Here* offers a new framework that allows each of us to define how we want to be seen heard and valued on our own terms so we feel a sense of belonging in any situation Further it serves as a launchpad for organizational leaders and culture builders to create safe spaces for individuals to show up as their authentic selves Readers will explore our four identities Our Lived Identity is made up of the aspects of our identity we inherit when we are born into the world Our Learned Identity includes the parts of our identity that we ve chosen or claimed as we make our way through the world Our Lingering Identity is the identity we default to when we feel like an outsider and fall back into as a survival mechanism Our Loved Identity is where we find our authentic selves and see ourselves through a lens of empowerment In the journey to understand our past experiences and how society has established barriers to entry we can design our own future rooted in our Loved Identity We learn to rewrite the stories that aren t serving us and embrace the ones that do Rather than look for a seat at someone else s table we find the tools to build our own When we fully leverage this and live with authenticity and purpose we can be seen heard and valued in a way that gives us a sense of belonging at home at work and in society Belonging is realized when we understand everyone is an outsider and it s the power to create space for those differences that unite us all **The Choice** Thomas E.
