

The Castle Has Fallen

Johann Joseph Hoffmann, L. Serrurier

The Castle Has Fallen:

Lost and Found Hiraku Shimoda,2020-05-11 Lost and Found offers a new understanding of modern Japanese regionalism by revealing the tense and volatile historical relationship between region and nation in the late nineteenth and early twentieth centuries Aizu a star crossed region in present day Fukushima prefecture becomes a case study for how one locale was estranged from nationhood for its treasonous blunder in the Meiji Restoration yet eventually found a useful place within the imperial landscape Local mythmakers historians memoirists war veterans and others harmonized their rebel homeland with imperial Japan so as to affirm ironically the ultimate integrity of the Japanese polity What was once lost and then found again was not simply Aizu s sense of place and identity but the larger value of regionalism in a rapidly modernizing society In this study Hiraku Shimoda suggests that region which is often regarded as a hard natural place that impedes national unity is in fact a supple and contingent spatial category that can be made to reinforce nationalist sensibilities just as much as internal diversity
