

Chickasaw Nation

National Park Service
U.S. Department of the Interior

The removal of the Chickasaw from their southeast homelands began in the early 1800s. Government traders who forced tribal members into debt would demand tribal lands as payment. By 1818, the Chickasaw had unwillingly yielded property in Alabama, Kentucky, Mississippi, and Tennessee.

The most intense removal period took place from 1837 to 1850. Because the tribe controlled and paid for the journey, their experience proved more orderly than the Cherokee and Creek removals. It was not without hardship. As the Chickasaw moved west, their procession soon became a long funeral train. Many people starved when inedible rotten food was provided by government contractors. For several thousand Chickasaw, however, the journey was quicker and safer on steamers up the Arkansas River.

Despite broken treaties and forced removals, the Chickasaw people remained united and survived. Today they prosper in south-central Oklahoma as a culturally progressive and financially successful nation.

Removed by Chickasaw artist Tom Phillips. The journey west included hardship, malnutrition, and disease. Thousands, in particular, killed hundreds of tribal members.

Of the Bird Clan by Chickasaw artist Arnette Barber. The young boy represents the affluent members, including plantation owners, of the Chickasaw Nation before removal. He wears traditional clothing and holds a deer leather bag.

The Chickasaws:

The Chickasaws Arrell M. Gibson, 1981-01-01 For 350 years the Chickasaws one of the Five Civilized Tribes made a sustained effort to preserve their tribal institutions and independence in the face of increasing encroachments by white men This is the first book length account of their valiant but doomed struggle Against an ethnohistorical background the author relates the story of the Chickasaws from their first recorded contacts with Europeans in the lower Mississippi Valley in 1540 to final dissolution of the Chickasaw Nation in 1906 Included are the years of alliance with the British the dealings with the Americans and the inevitable removal to Indian Territory Oklahoma in 1837 under pressure from settlers in Mississippi and Alabama Among the significant events in Chickasaw history were the tribe s surprisingly strong alliance with the South during the Civil War and the federal actions thereafter which eventually resulted in the absorption of the Chickasaw Nation into the emerging state of Oklahoma
