**Dr. Scott Ransom**

### **Multiple Choice Review Zumdahl Ninth Edition:**

**...And It Was So** Dr. Scott Ransom, 2022-10-18 In **And it was So** Dr. Scott Ransom argues that perceived gaps between science and the Biblical account of creation are symptoms of misinterpretation. A proper understanding of the Hebrew language, the audience for which Genesis was written, the process of Biblical translation and the nature of science coalesce into a coherent picture of creation in which science and the Bible align. Ransom takes the reader into the story of creation and the science behind it, distilling complex scientific concepts into easily digestible nuggets and along the way introducing us to many of the lesser known heroes of scientific discovery. In the end, the reader will have a new appreciation for both science and the Bible as well as the harmony that exists between both.
